Sacred Lilies.

Of all winter flowers the Sacred Lilies are probably the most popular and universally grown. Few flowers equal them in beauty and fragrance and none in free growing and blooming qualities.

Imperial Chinese Sacred Lily—The greatest and most popular winter-blooming bulb. They are very large, and each one sends up from five to twelve spikes, which bear clusters of large, perfect, waxy, white blossoms, with a yellow center, and of a powerful and delicious fragrance, which is not excelled by any flower. They grow well in pots of soil; but the most popular way of blooming them is the Chinese method, as follows: Fill a bowl or some similar vessel with pebbles, in which place the bulb, setting it about one-half its depth, so that it will be held firmly; then fill with water to the top of the pebbles, and place in a warm sunny window. The bulb will at once commence a rapid growth and bloom in these weeks. This improved sort has a much larger bulb and finer flowers than the common sort. In fact it is so much superior that we do not offer the old one any longer. We advise our friends to plant this variety, for we know it will be so much better than the common and cheaper one. 25c. each; 3 for 50c.

Japanese Double Sacred Lily—Fine, large clusters of double blossoms. Pure white, with orange center. 10c. each; 3 for 25c.

Golden Sacred Lily—As compared with the Chinese Sacred Lily this produces much larger flowers, though the bulb is smaller. Its fragrance is even better and its color a deep, glowing yellow. 5c. each; 5 for 25c.

The 3 sorts for 50c.

Eucharis Amazonica.

If there is a purer, sweeter, or more exquisitely beautiful flower than this we have never had the good fortune to see it. It is a bulbous plant, throwing up tall spikes on which are borne several very large, star-shaped flowers of the purest waxy whiteness and unexcelled fragrance. For chaste beauty it has no peer, and is a plant that is as rare as it is beautiful, and we are fortunate in being able to offer large flowering bulbs at only 25c. each: 3 for 60c. Blooms about Easter.

Mountain Hyacinths.

(Camassias.)

We hope by the colored sketch of this glorious bulb (shown on cover) to impress upon our customers the great beauty and splendor of these new and improved Camassias or Mountain Hyacinths. They form large, strong, solid bulbs, and perfectly hardy anywhere, and sure to produce their gigantic spikes of lovely blossoms in any situation, either as winter bloomers in pots or for spring blossoming in the garden. Mr. Luther Burbank and Carl Purdy have cultivated and hybridized them for years, and we have secured a large stock of magnificent bulbs to offer. Do not fail to try them.

Esculenta Improved—Beautiful, with tall spikes of fine dark blue flowers in spring. Several can be planted in a pot together for winter blooming, and will make a fine display. In the garden they increase rapidly, and soon show great masses of their star-like flowers. Fine to cut for vases or large bouquets. Much larger, richer and deeper colored than the old type. 6c. each; 2 for 10c.; 6 for 25c.; 25 for $1.00.

Leichtlini Blue—Very large flowers, spikes tall and stately; color a fine shade of azure blue. Makes a glorious show. 15c. each; 4 for 50c.

Leichtlini White—Like the above, but white in color, with a slight creamy tinge. 15c. each; 4 for 50c.

Ousicki—A most important new bulb, and suitable either for the garden or for winter blooming in pots. The bulbs are very large, leaves a foot long and beautiful olive green color. Flower stems 2 to 3 feet high, bearing an enormous spike of hundreds of star-shaped blossoms. Color, a lovely sky blue, exceedingly delightful and pleasing. We believe that this is destined to become a most important winter flower as well as a superb one for the garden. Fine large bulbs, 30c. each; 2 for 50c.

One each of the 3 sorts, 50c.
A WORD ABOUT FALL BULBS

To have Hardy Bulbous Flowers at their best, indoors or out, one must plant strictly first-class stock. A little difference in size makes a world of difference in the quality and quantity of bloom. Competition of late makes every dealer try to sell bulbs a little cheaper than anyone else, in consequence of which the quality of Dutch bulbs imported to America has for several years steadily deteriorated, with the result that buyers have been more or less disappointed in the size and beauty of their Hyacinths, Tulips, Narcissus, etc. We have always imported the best, a high-class grade especially grown and selected for us, and we will have no other. That is why bulbs from us give such great satisfaction, and that is why they cost a little more than the stock supplied by most dealers. We have never cheapened the quality of our bulbs to compete with low prices, and yet we do a larger mail-order business in this line than all other houses in the country combined who issue fall catalogues.

To our mind the sweetest flowers that bloom are those that open their fragrant petals to us in our windows during the bleak, desolate winter days, and greet us first in our gardens or on our lawns before a blade of grass has started, or a tree or shrub put forth a green leaf. These flowers are noticed, admired and appreciated above all others. Such are the Hardy or Holland Bulbs; Hyacinths, Tulips, Narcissus, Crocus, Iris, Snowdrops, Scillas, etc. They must be potted in the fall if we would enjoy their brilliant and fragrant blossoms during winter, or planted out of doors during the autumn months if we would see them in all their glory at the first touch of spring.

The Mayflower

Do not fail to read every word that is said about "The Mayflower" on 3rd page. It is unique among publications, and of lasting value. We are anxious that all our customers should take it, for the help it will afford them in the successful care of their plants and gardens.

GENERAL INSTRUCTIONS.

What We Do.

We Take the Risk.—We guarantee that all money sent us shall reach us, if sent by Post Office or Express Company's Money Order, Bank Drafts, Bills or Coin by Registered Letters. We will not be responsible for coin sent in ordinary letters, or for postage stamps.

Free By Mail or Express.—We send Seeds, Bulbs and Plants free by mail at the prices named in this Catalogue. This brings them to the very doors of our customers without trouble or expense. To points where the large express companies touch, we can send some orders as cheaply by express as by mail. In such cases we send by express, prepaid and notify the purchaser of this fact.

By Express.—If a package is ordered to go by express, we do not pay the charges; but larger Plants, Shrubs and Fruits can be sent in this way, and we always add extra ones to partly or wholly pay the cost. All the large express companies carry our goods at very low rates.

We Guarantee that every package we send out shall reach its destination in good condition, and that everything shall be received exactly as ordered. If a package is lost, or any of its contents injured on the way, we will send again. We also guarantee everything true to name.

We Pack all Plants carefully in strong boxes, which insure their safe transit through the mails to the remotest part of the country or abroad.

We Fill all orders as soon as received, if the stock is ready. Customers who wish their order, or any part of it, booked for shipping at a later date, should state the fact.

To Canada, Mexico, Hawaii, New Zealand, Newfoundland, Germany, most of the countries of South and Central America, and the West India Islands, we can send goods in large parcels by mail, prepaid. We can ship only Seed to other foreign countries by mail, postage.

What Buyers Should Do.

Forward Money with the order, and at our risk, when sent by Post-Office Money Order on Floral Park; greenback or gold or silver coin, by Registered Letter; Bank Draft or express company's Money Order. Post-Office Money Orders are by far the cheapest and the safest method for remitting, and nearly all post-offices issue them. The fee on a Money Order is only 3 or 5 cents for small sums. We earnestly request our patrons to remit by Money Order if possible.

Private by check.—Private checks for small sums are not desirable, as it costs us so much to collect them. All banks now charge for collecting private checks.

Stamps.—Please do not send postage stamps in payment for goods if it can be avoided. Letters often get damp in transit, causing stamps when enclosed to stick together and to the order, frequently resulting in the destruction of both. We shall return such as come in bad order.

Write Your Order plainly and distinctly by itself and not mixed up with anything else you may wish to say. Those who send a neat, plainly written order will be sure to have it filled correctly and with despatch, and will also receive some valuable "extra." Be sure to write your NAME and ADDRESS plainly.

IMPORTANT.—It occasionally happens that an order is lost in coming to us, or the goods in going to the customer; therefore, if any who order do not hear from us within a reasonable length of time, they should send a duplicate order, naming the fact that the other one was sent and the amount of money enclosed, and in what form. This will enable us to investigate the matter and fill the duplicate order with despatch. No inquiries will receive attention which do not contain duplicate, etc., as here mentioned.

Our Catalogue of Seeds, Bulbs and Plants for 1906.

It will make a large book, elegantly illustrated and with numerous colored plates, devoted to SEEDS, both flower and vegetable, all the best novelties and standard varieties; also BULBS and PLANTS, such as Summer-flowering Bulbs, Hardy Bulbs, Hardy Perennials, Window and Bedding Plants, Roses, Ornamental Shrubs, etc., and rare new Fruits of various kinds. The list of articles offered will be most valuable, novel and interesting. This Great Catalogue will be sent free to all who apply. Customers will receive it without applying.

Address all orders, etc.,

JOHN LEWIS CHILDS, Floral Park, N. Y.

HARDY OR HOLLAND BULBS.

HARDY, OR HOLLAND, BULBS are most deservedly popular. In the flower garden they have wrested two months of each year from Winter's stern grasp. Before the last snowdrift has melted, the snowdrop, Scilla and Crocus appear, close followed by a score of others that have made the name "Spring Flowers" all synonymous with beauty and fragrance. Indoors they have won equal triumph, and hold the place of honor for beauty, fragrance, easy culture and certainty to bloom. We make a specialty of supplying a grade of extra large and select Bulbs, the cream of Holland's annual output. We know that they are the best imported into the United States.

Culture for Winter Blooming.

How to Have Flowers in Profusion.

IN NEARLY every home there is someone who loves to cultivate flowers in winter, and there is always one or more windows that can be used for that purpose. To fill these windows with beautiful flowers and plants during winter is only a question of knowledge—knowledge which will lead to a proper selection of kinds. The proper plants will grow and thrive without any special care. They will bloom profusely. They will be beautiful and fragrant, brilliant and fascinating, and they cost very little. What are they? First and foremost we say Hardy Bulbs.

The following is a list of the most desirable bulbs for winter bloom, being of the easiest culture, and sure to produce the most satisfactory results:

- Hyacinths
- Alliums
- Narcissus
- Freesias
- Oxalis
- Ornithogalum
- Scilla
- Ixia
- Sparaxis
- Tritelea
- Calla
- Saxifraga
- Eucharis
- Tulips
- Sacred Lilies
- Tritonias
- Iris
- Tellima
- Dodecatheon
- Chionodoxa
- Anemone
- Brodiaea
- Calochortus
- Ranunculus
- Cyclamen
- Lilies
- Erythronium

The culture of all these Bulbs is very simple. They can be potted during September, October or November, watered well and set away in a cellar or any cool, dark place to make roots, when, after remaining four or six weeks, or as much longer as desired, they can be brought out for blooming. We earnestly advise potting the bulbs as early as possible, especially if flowers are desired as early as New Year's, for the longer they have to make roots the better they will bloom. By bringing out a few pots at different times a succession of bloom can be kept up all winter. If they are kept in a cool place while in bloom the flowers will keep perfect a long time. For the benefit of those who desire more explicit cultural directions we give it here in detail:

SOIL—The variety of soil is not a very important item in bulb culture. Any good garden loam will answer, but if we had a variety to choose from we would take a rich, sandy soil and mix it with a small quantity of leaf-mold. Do not use manure unless it is very old and well pulverized, and then only in small quantities, or it may cause the bulb to decay, or encourage too rank a growth of foliage.

TIME TO PLANT—Bulbs can be planted from September to December, and some kinds even later, but the earlier the better will be the result, especially if desired for early blooming. Plant in September or October if possible.

PLANTING—In planting, set the bulbs just below the surface of the soil, so that they will be entirely covered. Set the bulbs down in the soil and cover them: do not press them in force, for this packs the soil under them, and when the roots start they are apt to lift the bulb.

AFTER PLANTING—They should be well watered and set away in some cool, dark place to make roots. A cellar is best, for it is desirable that they should be kept moist and cool as possible, hence a warm, dry place is not a good one. Water them from time to time as the soil becomes dry. They should remain in this position at least four weeks, and as much longer as possible, it being desirable that they should have as broad roots as possible before they are brought out to bloom.

BLOOMING—When brought from the cellar or storeroom the pots or bulbs should be placed in a light, sunny window, so that they are watered frequently and have as much fresh air as possible. Keep them free from dust, and when in bloom they will last much longer kept in a cool atmosphere than in a hot one.

Culture in the Garden.

Bulbs are especially valuable for outdoor planting, as they bloom at a time when the garden is utterly destitute, and make it gay and attractive. Scillas, Snowdrops and Crocuses appear as soon as the early snow is gone, followed by Hyacinths, Narcissus, Tulips, etc. The display which a few of these bulbs make in the early spring is indeed charming, and there are many for any other class of flowers, for they come when most needed.

For garden culture bulbs do not need a very rich soil and are easily cared for. Plant in September, October or November, which are the best months. Late in the fall the beds can be covered with leaves or other coarse litter, which should be removed early in spring. After the bulbs are through flowering the leaves soon turn yellow and die, and after they are ripe enough to be taken up and stored away for planting again in the fall, leaving the beds to be filled with other plants for the summer display, or, if desired, they can be left in the beds the whole year.

PREPARATION OF BEDS—Spade up so that the beds will be little higher than the surrounding surface, which will readily drain off. If the soil is poor, add a liberal quantity of well-rotted manure.

TIME TO PLANT—September and October are the best months for planting the bulbs in the garden, though it may be done in November and December. Set them from one to six inches apart, according to variety or size, and from one to three inches deep.

PROTECTION—After planting, the beds should be covered with leaves, straw or other coarse litter (as much or protection), which should be removed when the bulbs start in early spring. This is not necessary to save the bulbs for most kinds are perfectly hardy in any situation without protection, but it is most advisable for those for it preserves the vitality of the bulbs to a great extent, and when in bloom you can notice that those which were protected will do twice as good as those which were not.

OUR GREAT SURPRISE COLLECTION.

$4.00 or $5.00 Worth of the Choicest Bulbs for Only $1.00.

We are obliged to grow and import enormous stocks of all kinds of bulbs, generally more than is necessary, to make sure of having enough. It is our custom after the heavy fall business is over, in November, to take this surplus stock of various good things, make it into "Surprise" Collections, and offer same to our customers, giving them four or five times the value of their money. In fact, the "Surprise" is the greatest amount of fine Bulbs one gets for the money paid. These collections cannot be sent out until after the first of November, and will be greatly of our stock, and of which we have a surplus. No collection will be made up for less than one dollar, and from that up to any amount the purchaser may desire. They will be sent free, by mail, unless desired express, and in that case we can send very much more for the money than by mail. All Surprise Collections ordered previous to November 10th will be booked and shipped then, but we continue sending them up to the end of December. We advise our friends to invest a dollar or more in this Collection. We can guarantee that all will be greatly pleased.
Valuable Mayflowers.

The Mayflower has published treatises on the following subjects which are most valuable, being reliable and accurate, telling all there is to be told in a concise and interesting manner. The cultural directions are thorough and explicit. No book ever issued on these subjects is so complete and up to date.

50c. each. Any 6 for 25c. 12 for 40c.

EVENING BLOOMERS

La Mance

Tells all about this most delightful class of flowers: How to use them, for Arbors, Summer Houses, Rockeries and other situations—Night Blooming Vines—Lifting for Winter—List of Varieties, cost. 5c. per copy.

HARDY FLOWERING SHRUBS

La Mance

A Right Choice of Shrubs for Large or Small Yards. The Culture of Shrubs: Planting—Mulching—Pruning and After-Care—For Various Purposes; For Wet Situations—For Dry Ground, or Poor, Hard Soils—Long Blooming Shrubs—Showy Flowering Shrubs—Showy Fruited Shrubs—Shrubs Suitable for Hedges—Fragrant Flowered Shrubs—Shrubs for Shady Situations—Shrubs for the Sea Shore—Iron-Clad Shrubs—Shrubs Needing Protection—Shrubs for Cemeteries—Small and Edging Shrubs—Small Yards—Extra Large Shrubs—Time That Shrubs Bloom—Description of Leading Shrubs. 5c. per copy.

CANNAS

La Mance

History—Culture—Growing from Seeds—Starting Tubers—Keeping Over Winter—Cannas as Pot Plants—For Lawn—Clumps—Round Beds—Massing, etc.—Leading Varieties with descriptions, etc. 5c. per copy.

THE VEGETABLE GARDEN

VALUE OF FRUITS—WAYS OF USING THEM

Canning Fruits—Preserving Fruits—Jellies and Jam—Fruid Essences—Branded Fruits—Candied Fruits—Marmaled Sauce and Slices—Fruit Cones—Fruit Pickles (Sweet and Sour), Mrs. Lathrop's Exclusively Superior. This treatise is also supplemented by "Some Tropical Fruit Recipes" and "A New Way of Making Currant Jelly.": 5c. per copy.

CHRYSTANHEMUMS

J. L. Childs

Giving all needed information in regard to the culture of Chrysanthemums in the house, garden or conservatory. It tells all about propagating, insect enemies, seedlings, etc. 5c. per copy.

SOILS AND FERTILIZERS FOR HOUSE PLANTS

J. G. HACKETT

HARDY BULBS FOR WINTER BLOOMING

Some Plain Bulb Talk: Bulbs That Require Adaptive Treatment—Holland Bulbs Classified for Certain Purposes; Christmas-Blooming—Midwinter-Blooming—Easter-Blooming Bulbs—Bulbs That Will Bloom in Water, Hardy Bulbs With Fragrant Flowers, etc. per copy.

HARDY BULBS FOR THE GARDEN

La Mance

LILIES

La Mance

Cultural directions, complete list and descriptions of all known varieties, notes and suggestions. With this work anyone ought to succeed admirably with the "Queen of Flowers." 5c. per copy.

HARDY VINES

La Mance

Why We Need Vines—How to Choose and How to Grow Them—Vines for All Purposes—To Conceal Ugliness—To Meet Hard Conditions—Descriptions of Leading Varieties—Lists of Vines forCertain Purposes—Culture. 5c. per copy.

THE IRIS

Allen

General History—Bulbous Iris, With Minute Descriptions of all Sorts—The Tuberosus Iris, With Complete Descriptions of the Different Species—Rhizomatous. 5c. per copy.

PANSIES

Lora S. La Mance

Telling all about care and culture—Raising plants from seed—How to grow the largest and handsomest blossoms, etc. 5c. per copy.

CLADIOLUS

John Lewis Childs

A complete treatise on Gladiolus and their culture—Care of bulbs—Growing from seed—Descriptions of all known species, etc. 5c. per copy.

GERANIUMS

Lora S. La Mance

All about Geraniums and their culture—How to have the greatest success—Wintering plants—Bedding out plants—Growing from seed, etc. 5c. per copy.

ROSES

Lora S. La Mance

All about Teas, Hybrid Perpetuals, Hybrid Teas, Climbers, Moss and other roses—Best kinds for different localities, etc. 5c. per copy.
Childs' Selected Hyacinth Bulbs.

Beyond doubt the Hyacinth is the Queen of Spring. Its hardiness, ease of culture, and certainty to bloom, would alone insure popularity, but it has the additional merit of being one of the most decorative and ornamental of plants. Its massive spikes of waxen flowers are of the most perfect shape and most delicious fragrance, while its colors sport into a hundred shades, tints and blends. Out of the long lists of Holland growers we have chosen the very cream of all varieties either for pot or garden culture. The bulbs here offered are not second size or inferior quality, but large and select.

**SINGLE & DOUBLE HYACINTHS**

Best Single Hyacinths.

These are the finest sorts for pots or gardens, and the bulbs offered are every one of a select large size that will give the magnificent results.

**5 SPLENDID SORTS**

Amy—Quite early; the spikes of medium-sized flowers of a deep, clear, carmine-red, glowing with richness.

Argus—Fine flowers and spike. Dark blue with white center.

Grand Marvel—A most beautiful sort. Large spikes of handsome, almost-white, almost-white balls. Few so fine as this.

Norma—Beautiful pink, very large and extra early.

Pure D'Or—Spikes of pretty corn-colored bells.

**5 EXTRA FINE SORTS**

Certrude—Tall, with hearty spikes of extra large flowers of a distinct shade of bluish-pink, running into silver-rose, striped carmine. Extra fine.

Gigantea—Thick spikes and large bells of a beautiful flesh color. One of the grandest sorts.

King of the Blues—An enormous, compact spike of bloom, of a deep indigo-blue color. One of the finest.

La Franchise—A magnificent variety. Large, long spikes of bluish-white blossoms, turning afterwards to a snowy-white; petals very broad, and flowers of great substance measuring two inches across.

Pieneman—A magnificent sort with enormous sky-blue bells arranged in graceful spikes of great size.

**5 GRAND AND RARE SORTS**

Mammoth or Lily Hyacinth—Gigantic pendulous, bells, each one of which is almost as large as a small Lily. Color, white. Worker good, exceptionally so.

Obelisque—A rare and exceedingly scarce variety, being the grandest of all yellow colors. Spike compact, while the color is the very best yellow.

Queen of the Blues—Enormous spikes; one of the very largest. Beautiful light blue with silver-appearance.

Re des Beiges—Fine, massive spikes, crowded with flowers that open a rich self-carmine, gradually turning into a dark, glowing crimson. The brightest Hyacinth.

**THE ABOVE 12 UNSURPASSED SORTS FOR $2.00.**

Best Double Hyacinths.

Grand select bulbs, grown especially for winter blooming, for which purpose each variety here offered is a real gem. Please remember that these bulbs are extra large and strong.

**5 SPLENDID SORTS**

Bouquet Royal—Fine light pink or blush. Extra large spike and very beautiful.

Grootendorst—Compact truss, large and very double bells of blush-white, with a touch of lilac-rose at center.

La Virginiate—Spikes of tubular bells; soft blush-white.

Prince of Saxe Weimar—Tall spikes of rich indigo-blue.

**5 EXTRA FINE SORTS**

Sunflower—Splendid large flowers; one of the best yellows.

Lord Castlerereagh—Very double; white, flushed with violet. A beautiful spike and very fragrant.

La Tour d'Auvergne—Very early flowering, and the best of all double whites. Florets large and wax-like and spikes of immense size. Finest double Hyacinth for pots.

Noble par Merite—Fine, compact spikes of large, double flowers, as perfect as little Roses. A soft shell-pink, gradually deepening into a deep peach-carmine.

Othello—Fine deep indigo-black. A very fine and rare color of exceeding richness and beauty.

**5 GRAND AND RARE SORTS**

Milton—Fine compact spike of great size and magnificent color, being a deep dark red of peculiar richness. This is one of the very choicest varieties.

Lord Anson—Fine large spike, florets of perfect form; color, soft blush-blue; delicate and pretty.

La Grandeur—A most charming variety of rich indigo-blue, and large double flower. One of the very best.

Prince of Orange—Extra large and magnificent spike. Color, fine rosy-crimson.

**THE ABOVE 15 UNSURPASSED SORTS FOR $2.00.**

**Extra Mixed Hyacinths for Pots.**

The bulbs are extra large and fine, selected particularly for winter blooming, and will give great results for pot culture, $1.00 per dozen.
Roman Hyacinths.

Not at all like the Dutch or Show Hyacinths, though they do not suffer by comparison. The slender stems, arcing beneath their load of dainty poised bells, are the name of grace and elegance, while so many spikes are thrown up from each bulb that the whole plant appears a mass of blooms. Roman Hyacinths are extra good for cutting, and so early that they bloom by Christmas, or before, remaining in perfection nearly a month if the room is not kept too warm. They are extremely early and bloom in the garden with the Crocus. The bulbs can be planted in a 4-inch pot, or 3 bulbs in a 5-inch pot. The bulbs we offer are extra large.

Single White—Every window should have several pots of these. Exquisite bells, white as the driven snow and pleasantly fragrant. Never fails to bloom. Extra large.

Single Blue—Dark blue bells. About ten days later than the white with which it forms a fine contrast.

Double Pink—These are larger than the single sorts, and have elegant waxy bells of shell-pink.

Extra Large Bulbs, 5c, each; the 3 for 15c; 50c, per dozen.

Mixed Romans—50c, per dozen.

Pompon Hyacinths.

A class of Hyacinths with comparatively small bulbs, and, as they are usually compact growers, can be more cheaply grown than the larger bulbed class. While the spikes scarcely average as heavy as other Hyacinths, the difference is small, and many specimens are fully equal to the best of the latter. They are splendid for either garden or pots, while for cutting they are the best of all. Every hue, shade and color is found among them; the flowers are large and wax-like, and the spikes airy and graceful. We offer them so low that they ought to be planted in quantity.

Mixed Pompon Hyacinths—All colors, double and single, 50c, per dozen. $2.50 per 100.

Grape Hyacinths.

(See cut on page 15.)

One of the sweetest flowers imaginable, and in masses very striking, making a wave of intense blue that catches every eye. As hardy as an Oak, and as it increases rapidly should be planted in every garden. Its spikes are just the size for button-hole bouquets, while its long stems enable it to be used to advantage in all bouquets or cut-flower work. If you want a "pot of blue," that will make your window a study of beauty for a month in midwinter, plant a half dozen bulbs in a 5-inch pot, and treat as other Hyacinths, and you will have your desire. They never fail to bloom, each bulb sending up two or more spikes.

Indigo Blue—Tipped white.

Snow White—Milky white.

Cockade Hyacinth.

A real curiosity. First, a frizzed, cockade-like spike, an inch or two in length, appears above the soil, and as it slowly rises on its long stalks, it becomes five or six times as long as at first, developing into a long feathery blue plume, and lasting for weeks in that condition. Excellent hard in the garden, and fine for pots. 5c each; 12 for 50c; 12 for 40c.

Hyacinthus Beligicus.

A distinct species of Hyacinth that we urge our customers to plant largely. It resembles the Grape Hyacinth more than any other, yet it is very distinct, its spikes being much longer and looser and the bulbs wider and larger in every way. It is also equally adapted to garden or pots, producing a mass of bloom that is very striking and beautiful. Should be planted in masses, to produce the best effect. Five or six bulbs may be planted in a 5-inch pot, and will need no more care than other Hyacinths. We offer these at prices so low that our customers can afford to plant them in quantities.

Pure White—Fine for bouquets.

Shell Pink—Delicate and pretty.

Blue—A fine violet shade.

PRICE: the 3 for 10c; 5 of each for 25c.

Mixed Colors, 50c, per dozen; $1.25 per 100.
CHILD'S GORGEOUS TULIPS.

There is no question but that the Tulip is the most popular spring flower that grows. The soft, seductive breezes have scarce whispered in our ears that spring is at hand ere our eyes, warried by winter's dull, sombre, lifeless tints, are dazzled by a sudden blaze of Tulips in rainbow shades, ribboning the scarfs peeping above the ground, to the last Gesneriana Tulip, holding its flaming cup high aloft, there is a constant succession of Tulip beauties—single, double, dwarf, tall, early, bowl-like, Peony-flowered, imbricated like a Rose, or twisted. No garden can be complete without plenty of Tulips. Have some.

**Mixed Tulips.**

Our mixed Tulips are of extra fine quality being made up from first-class named sorts and much superior to the ordinary grades. All extra large bulbs.

- **Double Fine Mixed**—All colors. Per doz. Per 100
  - 25 $1.50
  - 50 $2.50
  - 100 $4.00

- **Bunga Fine Mixed**—All colors. Per doz. Per 100
  - 25 $1.50
  - 50 $2.50
  - 100 $4.00

- **Parrot Fine Mixed**—All colors. Per doz. Per 100
  - 25 $1.50
  - 50 $2.50
  - 100 $4.00

- **Byblos Fine Mixed**—All colors. Per doz. Per 100
  - 25 $1.50
  - 50 $2.50
  - 100 $4.00

- **Due Van Thol Fine Mixed**—All colors. 25 $1.50

- **Darwin Fine Mixed**—Grand. 25 $1.50

**Grand Double Tulips.**

Double Tulips produce very large double flowers, many of which are as large and showy as a Peony. The bright colors of the large double blossoms contrast splendidly and make a charming display.

**8 VERY FINE Sorts.**

- **Blue Flag**—Late. Flowers beautiful shape; a distinct color of purplish-blue.
- **Double Crown**—Large and double flower. Dark carmin-red, with black shading. One of the best.
- **Duke of York**—Beautiful incurved flowers of poppy-red, broadly edged white.
- **Gloria Solus**—Of enormous size and very double. Bright scarlet, edged yellow.
- **La Canedour**—Large and double; wax-like pure white. Largely used for cemetery planting.
- **Ma Cuisine**—Of remarkable coloring. Carmine-violet, edged pink and flamed golden yellow and brick-red.
- **Rose la Reine**—Fine rosy-scarlet. A lovely color.
- **Yellow Rose**—A magnificent sort, of very largest size and most perfect form. Deep, brilliant yellow.

Price, 5¢ each; the 5 for 20c.; or 25c. dozen.

**8 EXTRA FINE DOUBLE TULIPS.**

- **Alba Maxima**—Enormous flowers, perfectly double, like a Peony, pure white in color, with delicate shadowy tinge of soft pink. Exceedingly fine.
- **Count de Leicester**—Another very distinct and finely colored sort. Light orange feathered yellow.
- **Mariage de Ma Fille**—Immense flower of the most perfect shape and superb coloring. Carmine-red, banded, striped, flaked and feathered with pure white.
- **Muriello**—Large, graceful flowers of flesh-white, bordered and clouded rose.
- **Queen Victoria**—Blood-red. Very double.

**Darwin Tulips.**

A new race of Tulips which produce only solid solid colors and bloom early in May. The flowers are of great size, like Gesneriana, and are borne on tall, graceful stems. The colors are exceedingly rich and varied, ranging through all the shades of rose, deep red, violet, purple-blues to coal-black.

**Rex Rubrum**—Large double flowers of deepest scarlet. Very double and perfect.

**Rose Blanche**—Large incurved white; most perfect shape.

**Salvator Rose**—Gigantic size, elegant shape and of the loveliest soft rosy color, with pure white stripes. Price, 5¢, each; the 5 for 20c.; or 25c. dozen.

**THE 10 SORTS FOR THE**

**Splendid Mixed Double Tulips—**All colors and varieties 25c. per doz. $1.50 per 100; $12.00 per 1000. Extra large bulbs 50c. per doz. $1.50 per 100; $12.00 per 1000.

**THE MAYFLOWER for August, 1903, tells all about "HARDY BULBS for WINTER BLOOMING." Full directions for growing all Bulbs in pots for winter flowering.—Only 5¢ per copy.**

**THE MAYFLOWER for September, 1903, is devoted entirely to "HARDY BULBS for the GARDEN," giving full cultural directions for Tulips, Hyacinths, Narcissus, Crocus, etc. Very complete in all details.—Only 5¢ per copy.**
Single Tulips.

The Single Early Tulips are great for bedding and for winter blooming in pots. The following are the very best kinds.

FIVE VERY FINE SORTS.

Cardinal's Hat—Rich blood-scarlet; gold zoned border.
Duchess of Parma—Extra large, early, and gloriously colored. Orange-yellow, shading to terra cotta, with fiery yellow and brown shading. Bright and showy.
L'Immaculée—Beautiful snow-white with lemon eye.
Purple Crown—Cup-shaped flower maroon-cardinal.
Von der Neer—A splendid large flower of a rare and lovely bright violet-color. Very distinct.

Price, 3c. each; the 5 for 10c.; 3 of each for 20c.; 25c. per dozen.

SIX EXTRA FINE SORTS.

Chrysolora—Very large flower and widely opened. Color, a splendid golden-yellow.
Color de Cardinal—Large cup-shaped blossoms of a rich cardinal-red. Intensely brilliant.
Kaiser Kroon—Outside of each petal bright scarlet, broadly bordered yellow; inside deep yellow zoned with wide center band of velvety scarlet, glowing like fire. Extra large size.
Mittades—Large, elegant flower, splendidly cupped. Pure white, exquisitely shaded and clouded soft pink.
Silver Standard—Beautiful cup-shaped flowers of a fresh carmine-scarlet, striped and feathered white. Very showy.
Wowerman—Extra large and fine. Deep magenta-red.

Price, 4c. each; the 8 for 20c.; 3 of each for 50c.; 10c. per dozen.

SIX RARE AND GRAND SORTS.

Cottage Maid or La Precieuse—Lovely pink and white, most charmingly suffused and feathered, of immense size, most unique in color and one of the loveliest Tulips that ever bloomed, either for pots or the garden.
Globe de Rigaud—Very large, round flowers of an odd like shade, freely striped and marked pure white.
Johnt Van Vondal—Beautiful glassy rose, deep, rich red and pure snow-white, the colors mingled and blended together in a charming manner. One of the largest and very finest.
Proserpine—A grand flower and a superb color. Exquisite rosy-scarlet, a shade not found in any other sort, and lovely beyond description. Great size, beautifully cupped.
Verboom—Flower of gigantic size, beautifully cupped, scarlet-red. Extra early and fine in every way.
White Swan—Large, pure white flowers; extra fine for winter blooming.

Price, 5c. each; the 8 for 25c.; 3 of each 65c.; or 50c. per dozen.

The above 17 sorts for only 40c.

MIXED SINGLE TULIPS.

Extra Fine Mixed Single Tulips, 20c. per doz.; $1.25 per 100; $10 per 1,000. All extra large bulbs.

Branching Tulip.

This Tulip has the remarkable quality of sending up two or three flower stems from each bulb, each stem branching and bearing two or three blossoms, so that five to eight flowers are produced from one bulb. As it is very rare to find any Tulip to produce more than one flower, the value of this sort is at once apparent. The flowers are of good, large size and a deep, cardinal-red with a border of old gold around each petal which gives the flower's distinct and very attractive appearance. It is an early bloomer, and forces finely when planted in pots for winter blooming, and is a most showy sort for the garden. Certainly one of the finest fall bulbs we ever offered. 100 each: 3 for 20c.; 12 for 75c.
**Picotee Tulips.**

These are quite new, and to our minds the most exquisite of all. They bloom after the single early varieties, or about the same time as the Byzbloom. Flowers very large and borne on tall, graceful stems, like Geaneriana. Each petal has a distinct border of bright crimson, which is most beautiful, and gives them the name of "Picotee." They are extra fine for winter blooming and for the garden, but they will show the most color in the garden.

**Picotee White**—Exquisite white petals of large size; pure white with a fine border of crimson, which makes the flower exceptionally beautiful.

**Picotee Yellow**—Golden yellow with crimson edge.

**PRICE**—5c. each; 6 (5 c. each) for 50c.; 40c. per dozen.

---

**Parrot Tulips.**

A flower more bizarre, fantastic, or gorgeous, would be hard to find. A bed or clump of them always attracts much attention. They are six, seven and eight inches across, with petals-toothed, horned, twisted and waved, now loosely incurved, now spread flatly out like a star. Some are yellow, some are crimson, or again dashed, flaked or feathered with green, gold or scarlet. Fine to plant among shrubbery, or for bedding. They grow ten inches in height, and bloom just after the double Tulips. Our Parrot Tulips are extra large bulbs, sure to bloom. Medium sized bulbs will not bloom well.

**Custantineople**—Fine deep crimson.

**Gloriosa**—Yellow, splashed and streaked crimson and green.

**Perfecta**—Gaily striped, yellow and red.

**Lutea Major**—Fine yellow.

**Cromoloe Brilliant**—Deep, dark, rich ruby-crimson, with large star-shaped black center, 9 inches across.

**PRICE**—4c. each; the 5 for 5c.; 50c. per dozen.

**Fine Mixed Parrot Tulips**—All varieties. Doz. 20c.; 100, 51.25.

**Tulipa Greigi.**

Its large, green leaves are variegated with black spots, flowers of the largest size, transparent scarlet, as clear and beautiful as a sheet of wax. No other Tulip has a color like it, and none are so strikingly beautiful. Its magnificent color shows up almost like a torch in a dark night. 5 each: 3 for 10c.

**Sweet Scented Tulips.**

A new class of Tulips with a charming fragrance, as well as beauty and brilliancy. Customers will be delighted with them, either for pots or garden. Many varieties, including:

**Florestina**—Large, golden-yellow, very sweet. Bulbs, when closed, look like an enormous Tea Rose.

**Macrospera**—Brilliant red, with dark zone-like center, bordered yellow. Size of Tulip Geaneriana.

**Persica**—A rare and curious variety. A bulb will send up one stem, on which is borne two or three blossoms. Three blossoms are golden-yellow in color, and open out flat, being, when so opened, perfectly star-shaped. Very pretty and interesting.

**PRICE**—6c. each; the 3 for 15c.; 50c. per dozen.
**Tulipa Gesneriana.**

The grandest Tulip in existence. Tall growing and late blooming, with large, long leaves, and tall, erect flower stalks, which support great waxen blooms larger than tea cups. Of the most vivid, glossy, coral-red, each flower showing a deep blue-black blotch at the base that further enhances its beauty. They remain in bloom a long time, and clumps of this grand flower are particularly fine planted among evergreens or shrubbery, lighting up their sombre background as with a flaming torch.

**Scarlet, Blue Center**—The true Gesneriana, as described above.

**Golden Yellow**—Exactly like the above, except a golden yellow color. A superb novelty.

**PRICE**—5c., each; 3 for 10c.; 12 for 30c.

**Bizard and Bybloom Tulips.**

It seems strange these are not more commonly known, for their large, cup-like blossoms, feathered and flaked as only a Tulip can be, are always admired more than any other. Byblooms have white, light or violet grounds, flaked and feathered, rose, lime, pink, purple, violet, scarlet, black and crimson. Bizards have yellow grounds, flamed and blazed maroon, black, scarlet, bronze and brown. We offer a fine mixture of every imaginable color and marking. We know our customers. If they could but see a bed of these in their gorgeous splendor, could not resist planting them.

**Byblooms**—White ground, variegated with various colors. Fifty finest sorts, mixed, 3 for 10c.; 12 for 30c.

**Bizards**—Yellow ground, variegated. Fifty fine sorts, mixed, 4 for 10c.; 12 for 30c.; 100 for $1.25.

**Duc Van Thol Tulips.**

These are the best of all for house culture and the first of all to bloom out of doors. They are noted for the depth and purity of their colors, and as they bloom two weeks in advance of all other Tulips, are quite indispensable in the garden, as well as the house for winter.

**Crimson**—Fine for contrast.

**Gold Striped**—Scarlet, striped gold.

**Rose**—White, shaded with clear rose. Delicate and beautiful.

**Scarlet**—Brilliant, dazzling scarlet.

**Violet**—Lovely violet—crimson, white border. Very distinct and handsome.

**White**—A fine, pure color.

**Orange**—A fine bedder.

**Vermillion**—Fine bright color.

**Variegated Foliage**—Foliage finely variegated with white, and fine violet-colored blossoms.

**Double**—These are popular for house culture, as they are so certain to bloom, and so early and fine. No other Double Tulips are as well adapted to pot culture. They are very brilliant, and being double remain perfect a long time. Color, red and yellow.

**PRICE**—5c., each; the 10 for 30c.; 35c. per dozen.

**Mixed Duc Van Thol Tulips**—All colors. 25c. per dozen; $1.50 per 100.
Narcissus Poetica.

Well known and loved by all. Exquisite garden flowers, yet equally valuable for winter blooming in pots, of which Ornatus is the grandest. Try them.

Poetica, Pure White—With scarlet-edged crown. Very fragrant. Late. 3c. each; dozen, 30c.; per 100, $1.30.

Poetica Ornatus—Fine for either garden or pots. Blooms three weeks earlier than the old Poetica, and is even larger and finer, 3c. each; 3 for 10c.; doz., 30c.; 100, $2.00.

Poetica Poetarum—Pure white with orange-scarlet cup, 3c. each.

Poetica, fl. pl. Double—The charming double Poetica. Pure white with Jasmine fragrance. 5c. each; doz., 35c. The 4 for 25c.

Double Narcissus.

Double Narcissus are very attractive on account of their large, perfectly formed blossoms, long keeping qualities and early blooming. The fine, harmonious colors of white, lemon, orange, sulphur, straw, primrose, etc., are exquisite.

Albo Pleno Odorata—A pale white flower of medium size, but very double. Late.

Incomparabilis—Medium early. Large, handsome flowers, as double as a Rose. Bright orange, interspersed with orange center petals.

Pumilus Plenus—Pure yellow; very double. The old-fashioned Daffodil.

Orange Phoenix—Nearly pure white outer petals. Center well filled with mixed white and deep orange petals.

Van Sion—Old but unequalled. Extra fine for cutting. Single star-like petals and long, double trumpet, filled with beautiful crimped petals; golden yellow.

**PRICE** of above finest Double sorts, 5c. each; the 5 for 25c.; any variety at 5c. per dozen.

Mixed Narcissus—All sorts of Double and Single, many varieties, and will make a magnificent bed, blooming year after year. Per doz., 30c.; per 100, $1.30.
Two Grand Narcissus.

For winter blooming few bulbs are so popular and so largely grown as the Paper White Grandiflora and Double Roman Narcissus. Realizing their importance, we have, by special contract, secured from France a quantity of bulbs of each, which are of EXTRA SIZE AND STRENGTH, especially for pot culture, and the amount and beauty of blooms from these fine bulbs will be far greater than from ordinary ones.

Paper White Grandiflora—An improvement on the common Paper White, the flowers being about twice the size of beautiful star-like form, pearly whiteness and delicious fragrance. It is a very early and profuse bloomer, and can be had in full beauty at Christmas and New Year's. One of the very finest of winter-blooming bulbs.

Double Roman White—This is one of the most beautiful and fragrant of all the Narcissus family. It is grown so extensively in Palestine and Turkey, that it is known as the Sacred Narcissus of Constantinople. In Jerusalem it is the leading favorite of all flowers. Flowers very double, pure white with yellow center and borne in large clusters. Its fragrance is superb, and blooms very early, and freely either in pots or the open ground. A grand winter bloomer.

Extra large select bulbs 10c. each; the 2 for 15c.; 12 for 60c.

Jonquils.

These dainty flowers are a delusion of gold when in bloom and large clumps or masses of them are always admired. They are extra fine for pots, from their beautiful color, profusion and delightful fragrance and they flower very early in the window. In the garden they are perfectly hardy, and their lovely blossoms appear almost as soon as Crocus.

Single—Very lovely pure gold and very sweet.

Double—Perfect little golden rosettes of the most exquisite beauty and fragrance. Nothing finer for bouquets.

Cant Olorose—We think this is one of the finest yellow-flowered bulbs on our list. Flowers twice the size of other Jonquils, but retaining the same beautiful color and fragrance, together with profusion of bloom. 5c. each; 5 for 25c.; 12 for 60c.

Polyanthus Narcissus.

These are considered the best of all Narcissus for pot culture, and by many esteemed the most beautiful. By starting the dry bulbs at intervals from September until January, a succession of flowers can be secured from Christmas until the first of May. No trouble to grow. Treat as you would Hyacinths. The flowers of this class are borne in large clusters and are exceedingly fragrant, like orange blossoms.

Grand Solie d'Or—A medium early bloomer that lasts a full month in flower. Large clusters of exceedingly pretty flowers of a clear lemon with deep orange cup. Very fragrant.

Juane Supreme—Extra fine dark yellow.

Queen Victoria—Very early and extra large and fine. Pure white; exquisite fragrance.

Newton—Fine yellow with deep orange cup. Free bloomer.

PRICE—5c. each; 10 for 35c.; 25c. per dozen.

MIXED—We have a mixture of these splendid bulbs and at the very low price of 3 for 15c.; 12 for 60c.; 25 for $1.00.
Select Crocus.

The Crocus is the recognized harbinger of spring. Between the hills of late winter's tempest its brave little flowers first appear, mending not the least frost or barrenness of snow. For six weeks its bright flowers smile saucily at us, quite sure of their welcome. Their cost is so trifling that all can afford to plant them freely. The Crocus has been much improved late years in size of bloom and variety of colorings. Crocuses are extra fine for borders, etc., and are particularly charming dotted by twos and threes over the lawn. They come in earliest spring, and peep through the grass, as the wild flowers do in the meadows.

Fine Mixed Crocuses—Of all colors. Fine, select bulbs. 10c. per dozen; $1.00 per 100; $4.00 per 100.

Giant Flowered Crocus.

A few special extra large-flowering sorts of which we offer extra fine bulbs either for winter blooming or for garden planting:

**Giant White**—Enormous pure white lily-like blossoms.
**Giant Yellow**—Gigantic bulbs which produce large golden blossoms in great masses.
**Giant Striped**—(Lord Fielding)—Great blossoms beautifully striped violet on white ground.

**Giant Blue**—(Sir J. Franklin)—Largest and finest blue. PRICE—15c. per dozen; $1.00 per 100; 3 of each for 20c.

**Giant-Flowered Mixed**—This strain is a special mixture of the best new sorts and improved seedlings, prepared for us in Holland by those who make a specialty of these bulbs. Only those sorts with the largest flowers and best colors are admitted in the mixture. Either for garden or house this Crocus mixture cannot be surpassed. Crocuses for the house do not thrive under dry heat or gas, but do well in any sunny window of moderate temperature; they can also be grown in rooms almost destitute of fire heat. Try them both in the garden and in pots. 15c. per dozen; $1.00 per 100.

Queen Wilhelmina Crocus.

An improved Crocus producing a bulb of enormous size and correspondingly large flowers and more of them. We have it in four colors: white, blue, striped and yellow, and they will be a revelation of beauty to all who plant them. Best of all Crocuses for winter blooming in pots, but for the open ground, flowering in early spring, they are simply grand, the flowers being as large as good Tulips.

**Great White**—Pure snow-white.
**Great Blue**—Rich purplish-blue.
**Great Striped**—White and blue.

**Forty Flowered**—Each bulb produces from twenty to fifty beautiful blossoms of a deep, rich glowing yellow and it blooms much earlier than other sorts.

**PRICE**—5c. each; the 4 for 15c.; 35c. per dozen.

**Mixed Colors**—Above 4 sorts, 35c. per dozen.
**Oxalis.**

These varieties of Oxalis are all for winter blooming. They make the most beautiful hanging pots and baskets, producing a mass of flowers all winter, which in brilliant and beautiful colors are truly charming. Winter blooming Oxalis are always sure to please. Plant five and six bulbs in a 6-inch pot. They commence growth immediately after planting and need not be set away to form roots like most other bulbs. They bloom during the entire winter, a thing we can expect of very few plants or bulbs, and are for that reason doubly worthy of a place in every collection of winter-blooming bulbs. Our bulbs are fine, and will be found to be exceedingly showy and free blooming.

**Bermuda Buttercup**—A fine, robust growing, large flowering sort. Blooms in enormous patches, each flower being as large as a silver half-dollar and of a clear, bright yellow color. Bulbs commence blooming soon after planting and continue all winter without a break. Easily grown in any window and most satisfactory.

**Multiflora Alba**—A good sort, producing pure white blossoms.

**Bowl**—Extra large brilliant red blossoms and luxuriant foliage. One of the very best.

**Versicolor**—The prettiest of all. Beautiful foliage and compact growth, with an abundance of large pearly-white blossoms, each petal having a wide border of brilliant colors, a combination which is truly charming.

**PRICE** of all the above 5e. each; 3 of any one kind for 50c.; 12 for 50c. One bulb each of the 4 sorts, 10c.

**Mixed Oxalis, 25 Sorts**—A fine mixture of a great variety of fine winter-blooming sorts. 15e. per doz.; $1.00 per

**Double Yellow Oxalis.**

This is exactly like the lovely Buttercup except that the flowers are as double and perfect as a Rose. One of the finest flowers for winter blooming, a perfect gem in every respect. It continues in flower all winter. Fine true bulbs, 5e. each; 3 for 15c.; 12 for 50c.

**The Grand Duchess Oxalis.**

This is entirely new. There is no doubt about its being the grandest Oxalis, and one of the most beautiful and taking winter flowers it is possible to have. Blossoms immense, 3 inches across, borne well above the foliage and of the most lovely pink color; leaves large clover-shaped and handsome. A most persistent bloomer, remaining constantly in flower from November to June. Surely one of the most exquisite and satisfactory of all winter-blooming bulbs. We have three colors to offer, bright pink, lavender and pure white.

**Grand Duchess Pink**—Enormous size, bright rosy-pink. Finest recent novelty, and has been widely advertised. It is one of the best and most beautiful flowers for winter.

**Grand Duchess White**—New; pure snow-white. A grand contrast to the above.

**Lavender**—A fine, large flower of a unique lavender color. Plant has a branching habit, not so compact as the white or pink.

**PRICE**—5e. each; 3 for 15c.; or 50c. per dozen. 5 each of the 3 sorts for 50c.

**Mixed Grand Duchess, 30c. per dozen.**

**Giant Cut-Leaved Yellow Oxalis.**

A new Oxalis of the Grand Duchess type but with elegant foliage and flowers of enormous size and glowing yellow. It is a superb winter bloomer and a really fine novelty. 10e. each; 3 for 30c.; 7 for 50c.
Allium Neapolitanum Giant

It is a native of Arabia. Bulb large and solid, closely resembling that of Hyacinth, and requiring exactly the same culture: leaves long and narrow, flower spike is to 24 inches high, long and graceful, bearing an immense cluster of large pearly-white flowers, having a jet-black center. The illustration gives a good idea of its great beauty. The individual flowers keep perfect many weeks before fading, so that for more than a month this grand spike of bloom is in full glory. Its durability is almost without equal among flowers. Add to this its delicate aromatic fragrance and we have a winter bloomer which all must admit stands without a rival. Its culture is the easiest, as it will grow in any position in any window. A bulb can be planted in a four-inch pot, or several in a large pot or box. Extra large bulbs, 10c. each; 3 for 25c.

Bulbocodium Vernum

An early spring flower that is closely allied to the Crocus and requires the same treatment, either in pots or in open ground. Each bulb produces a mass of pretty, purple-red flowers. Fine for edging. Blooms very early. 5c. each; 3 for 10c.; 12 for 30c.

Ornithogalum Umbellatum, or Star of Bethlehem.

A superb bulb for winter blooming in pots, or for the garden. Perfectly hardy, and blooms early in spring. Flowers star-shaped, pure white, and borne in clusters. For pots it blooms a long time in mid-winter and is very attractive. Try it by all means, both for garden and for pots; it will be sure to please you greatly. 2 for 5c.; 12 for 20c.
CHIONODOXA, OR GLORY OF THE SNOW.

Glory of the Snow.

Once to see this floral gem is always to want it. Resembling somewhat the Seilla Siberica, it yet differs from it and has a charm peculiarly its own. The purest, clearest tones of blue are to be found in these flowers that appear so early that they are often overlooked by winter’s last frosts and become, literally, Glories in the Snow. Blue is always a scarce color among house plants, and as the Chionodoxa succeed well in the house, a pot or two of them should be grown in every window. Their greatest value, however, is for garden planting. Here they increase rapidly, and soon form great clumps that in early spring are a cloud of blue flowers in dainty sprays just long enough for cutting or to wear. They are natives of high mountain regions, and perfectly hardy in the coldest part of the country. Plant two inches deep.

Mixed Sorts—2 for 5c.; 5 for 10c.; 12 for 20c.; 100 for $1.00.

GRAPE HYACINTHS.

Grape Hyacinth.

One of the sweetest little flowers imaginable, and in masses very striking, making a wave of intensest blue, that catches every eye. As hardy as an Oak, and as it increases rapidly should be planted in quantities in every garden. Its spikes are just the size for button-hole bouquets, while its long stems enable it to be used to advantage in all bouquets or cut-flower work. If you want a "pot of blue" that will make your window a thing of beauty for a month in midwinter, plant a half a dozen bulbs in a 5-inch pot and treat as other Hyacinths, and you will have your desire. They never fail to bloom, each bulb sending up two flower-stalks that rise to a uniform height of eleven inches, each stalk being crowned with a two-inch spike of these white-capped bells of the purest, loveliest shade of sky-blue.

Sky Blue—The most fairy-like of spring flowers. 3 for 5c.; 12 for 15c.; 100 for $2.00.

Indigo Blue—Fine deep indigo tipped white. 3 for 5c.; 12 for 15c.; 100 for $1.00.

Snow White—Long spikes of milky-white neatness. Fine for contrast, and quite new. 3 for 5c.; 12 for 15c.; 100 for $1.00.

Mixed Grape Hyacinths—All colors. 15c. per dozen; $1.00 per 100.

Seilla Siberica.

Hardy and fine. Blooms at the very edge of winter, and laughs at storms and sleet. Beautiful spikes of deepest blue flowers, freely produced and for a long time. Everyone who possesses a foot of ground ought to grow this. It should always be planted in groups, either in house or open ground. Nothing finer for pots. 2 for 5c.; 20c. per doz.

Iris Hispanica.

Magnificent plants both for pots and the garden. They bloom early and profusely, and are exceedingly showy. The colors are brilliant and cover a large range of different shades and combinations. Four or five bulbs planted in a 5-inch pot makes a beautiful display for a long time in winter, and are absolutely sure to bloom well in any situation, treated like Hyacinths. In the open ground they are perfectly hardy, increase rapidly and make a magnificent display. It is really one of the most satisfactory of all Holland bulbs, and as they are very cheap we advise planting them largely.

All Colors Mixed—2 for 5c.; 12 for 15c.; 100 for $1.00.

Pure White—Large and fine. 20c. each; the 4 for 12c., 35c. per doz.

Pure Yellow—Rich deep golden. 20c. each; the 4 for 12c., 35c. per doz.

Blue—A fine rich shade. 20c. each; the 4 for 12c., 35c. per doz.
Ixias and Sparaxis.

The Ixias produce their beautiful flowers in spikes, and are of the most dazzling and brilliant colors and sure to attract great attention. For pot culture in the house they give great satisfaction, being of easy culture and free bloomers. Half a dozen bulbs may be planted in a five-inch pot, and the display will be magnificent. For open-ground culture give them winter protection with leaves or straw.

Ixias, Mixed Sorts—Our mixed Ixias are particularly fine, and comprise more than sixty fine varieties of all colors—shades, markings and variegations. 2 for 5c.; 12 for 25c.

Sparaxis—The blossoms are very large and open flat, presenting some of the most curious and beautiful combinations of colors to be found. Their exceeding beauty, once captivates all beholders, and it is difficult, to find a pot of flowers which will be more generally admired or bloom better than a pot of these fascinating Sparaxis. They require the same treatment as Ixias or Freesias, which is simply to plant several bulbs in a pot of good soil, set them away, and when growth commences bring them out and set in a sunny window. 2 for 5c.; 12 for 25c.

Crown Imperials.

This magnificent bulb of gigantic size breaks ground with the Crocuses, and the strong flower-stems at once attract attention. They grow so rapidly that in a few days they stand three feet high, crowned with a tuft of elegant foliage and half a dozen, bell-shaped, drooping flowers. These blossoms are as large and as beautiful as Lilies. A grand bulb for early blooming.

Single Red—Large and early.......................... 20c.
Single Yellow—Clear and fine.......................... 20c.
Double Red—Rare and fine............................ 60c.

Saxifraga

Granulata, Fl. Pl.

We believe this is to become one of the most valuable winter flowers in existence. It is a most valuable acquisition to winter bloomers, as well as a splendid thing for garden culture. The bulbs are very small, and at least three should be planted in a pot together to get the best results. Their treatment should be the same as that of Hyacinths, Crocuses, etc. The flowers are borne in profusion, are double as the best roses, and range in color from snowy white to fiery scarlet. One can readily appreciate the value of such a fine double white flower during winter, or in the garden during the spring months. It is perfectly hardy and will thrive most anywhere. It is known in Europe as the "Fair Maid of France." We have imported an enormous quantity of it and offer it at the very low price of three bulbs for 10c.; 12 bulbs for 30c.

Fritillaria Meleagris.

The newer varieties of this charming bulbous plant produce flowers of great and peculiar beauty. They are very hardy, and succeed in any situation, and the large, curiously colored flowers always attract great attention. They are of various colors and shades, but all are regularly and distinctively checkered, looking in some cases like a piece of calico. The great size of the blooms, graceful, airy habit, and their peculiar and striking and beautiful colors go to make a flower which everyone will delight to cultivate.

Mixed Colors—All shades, 5c. each; 3 for 10c.; 12 for 25c.

Pure White—Large snow-white bells of exquisitely beauty.

Coal Black—Coal-black, contrasting finely with white.

10c. each; the two for 15c.; 5 of each for 50c.
Triteleia Uniflora.

This is the "Starflower," now becoming so popular for both winter and spring blooming. The pretty starry blooms, each more than an inch across, are borne in still taller and above the recumbent foliage. The flowers are white, tipped and faintly striped lilac-blue, and remarkably sweet-scented. A fine window plant if several bulbs are planted in a pot, as they bloom steadily for two months. Out-of-door they form one of the neatest of all spring edgings, increasing rapidly until they form a matted row that from early spring until early summer, is one mass of starry blooms that are very fine. 2 for 50c.; 12 for $1.50.

Winter Aconite.

This appears just after the single Snowdrop. Its large, glossy, yellow flowers, set in a close cup of leafy green, are wondrous cheerful in the dull spring landscape, when even the grass is still brown, and the Tulips and Hyacinths yet underground. The Winter Aconite can be flowered in a cool room, used as edging for other bulb-beds, planted under the edge of evergreens, or naturalized under trees, or around rock work. It increases rapidly, and must become a general favorite. 3 for 50c.; 12 for $1.50.

Scilla Clusi.

Unlike any other bulb. Stately habit with luxuriant recurving strap-leaved foliage, surmounted by an enormous pyramidal corymb of starry flowers, of a beautiful blue. It is one of the most striking flowers one can have, and very easy to grow. In the house it blooms by midwinter or a little later; in the garden it blooms in late spring. For bedding plant about ten inches apart each way. In pots use a 5 or 6-inch size for a single bulb. 15c. each; 3 for $1.50.

Snowdrops.

The earliest flower that blooms, and of such hardiness that it minds neither sleet nor snow. Its nodding white flowers are exceedingly graceful and pretty. It is especially fine when planted in drifts and masses to contrast with the deeply blue masses of Scilla. Much used also for lawns.

Elwesii, The Giant Snowdrop—The grace and beauty of the large blossoms is enchanting, but what can we say of its fragrance, it is rich and so delicate, unlike any other flower, and really second to none. This fine new Snowdrop was introduced recently from the mountains of Smyrna. It is three times as large and fine as the common variety, and a great acquisition, either for the garden or for pots. Price, 3 for 50c.; 12 for $1.50; 100 for $6.50.

Double Giant—Fine double flowers. 4c. each; 3 for 10c.; 12 for 25c.
Beautiful Hardy California Bulbs.

In the mountains and mountain canons of the Pacific coast grow the most beautiful wild flowers to be found in any part of the world. Some of the most valuable of these produce bulbs or tuberous roots which may be handled in a dry state like Tulip and Crocus. Two eminent horticulturists, Luther Burbank and Carl Purdy, have for years worked on these beautiful bulbous flowers and so improved and adapted them to garden culture that they may be easily grown in any part of the world. We here devote two pages to introducing these improved forms and cannot too highly recommend them, either for garden culture or for growing in pots for winter blooming.

**Brodiaecas.**

An entirely new class of bulbs, particularly adapted for winter blooming in pots or for the garden. The flowers are of various forms, colors and sizes, all exceedingly interesting and beautiful, and of the easiest culture. In the open ground they are hardy with slight protection, but their greatest value is for winter blooming in pots. They are so little known or cultivated that they are exceedingly interesting as pot plants. Their flowers are odd and beautiful, and produced freely.

Volubulis—(Twining Hyacinth.) Flowers borne on long stems which twist and twist around anything within reach; blossoms in large compact clusters of a pinkish red color and very handsome.

Coccinea or Floral Fire Cracker—This is a flower of striking beauty, and one that catches every eye. Its blooms are borne in clusters, at the end of long, slender stems, and droop like a Fuchsia. They are two to three inches in length of a deep bright crimson-scarlet color, tipped with green and white.

Lactea—Our extensive tests of winter blooming bulbs have revealed four sorts worth more for general culture than this new Brodiaea. Flowers borne in great umbels, are of a lovely blue color and last for a long time. It also grows and flowers with greatest freedom in any situation, and is one of the most reliable bulbs in cultivation for a sure and satisfactory display of bloom.

Laxa—Rich purple-blue in fine umbels.

Ixioides—Beautiful yellow.

Peduncularis—Porcelain white, Very hardy.

California—Beautiful pink, large fine umbels.

Grandiflora—Enormous umbels, fine purple.

Capitata—Fine violet blue.

Aurea—Yellow, and very pretty, 5c. each; any 5 for 10c.; the 10 for 25c. Any sort 50c. per dozen.

Mixed Sorts—Fine mixed Brodiaecas of all sorts and colors. 20c. per dozen; $1.25 per 100.

Calochortus.

For supreme beauty the Calochortus is equalled only by the Orchid. Some are erect, cup-shaped, others drooping and star-shaped. The flowers are very large, borne on long stems and are of the most charming butterfly colors: white, yellow, buff, crimson, purple, spotted, and shaded in a charming manner. For winter blooming they require only to be potted (4 or 5 in a five-inch pot) and treated like Hyacinths. For garden culture, give some protection by mulching. When in bloom they will be a marvel of beauty and last a long time.

Albus—Pure white, like a white globe Tulip.

Pulchellus—A fine lemon yellow.

Maweaanus—Beautiful white.

Lilacinus—Very large and fine with superb lilac-tinged blossoms.

Nitidus—Very hardy, with an enormous flower, white tinged pink and lilac with rich purple spots, and cob-web-like film.

Cunningsoni—White, pink or rosy ground with rich bands and greenish film.

Oculatus—Crammy white with superbly colored eye and rich variegations. Often 4 inches across.

Citrus—Beautiful rich lemon with vivid dark maroon eyes. Otherwise like the above.

Purpurascens—Like above but with darker shades and rich markings.

Vesta—Flowers extra large and finely colored, a free grower and early bloomer. We cannot recommend it too highly.

5c. each; any 5 for 10c.; the 10 for 25c. Any one sort 50c. per dozen.

Splendid Mixed Sorts—More than 30 kinds. 20c. per dozen $1.25 per 100.
Erythronium Hartwegii.
This new variety is the finest yet introduced and should be extensively planted for winter blooming as well as for the garden. Perfectly hardy. Flowers very large, light yellow, borne on long, slender stems, each bulb sending up 3 or 5 blooms as shown in cut. Foliage as well as the blossoms is exceedingly handsome and several bulbs will make a most unique and graceful pot of bloom. Fine large bulbs, 5c, ea $1 for 10c; 12 for 50c.

Dodecatheon.
A most lovely early spring flower, hardy and fine for any situation. A lovely pot plant for winter blooming, treated like any Dutch bulb. The roots somewhat resemble Ranunculus, are dry and brittle as though they were dead, but they are very much alive and in a short time after planting (in pots) will send up superb clusters of fine Cyclamen-like blossoms. Try them, they are so fine and cheap.

Hendersen—Soft white, flushed pink.
Patulum—Fine yellow.
Mixed—Many fine colors. 50c.

Enothera Ovata.
A lovely Evening Primrose, with a strong tuberous root, which blooms profusely in early spring, or if potted blooms well during winter. Flowers large, golden yellow and very strong. A beautiful and novel thing. 20c each; 3 for 50c.

Delphinium.
Two superb sorts of tuberous-rooted Delphinium, fine for garden or pot culture. Roots are handled dry.

Nudicaule—Splendid orange-red flowers in long spikes.

Decorum—Fine spikes of deep blue or purple flowers. Very handsome and very hardy.

5c each; the 2 for 2c; $1.00 per dozen.

Saxifraga Mertensiana.
A fine early flowering bulbous Saxifraga suitable for beds, rockeries or pots. A splendid winter bloomer. 5c each; 3 for 10c.

SPECIAL OFFER.
For 5c, we will send the following collection of beautiful California flowers.

1 Enothera.
1 Saxifraga.
1 Erythronium.
5 Tellima.

Tellima Affinis (Woodland Star)
A beautiful flowering plant, growing from a small bulb and flowering profusely both summer and winter. It is a lovely pot plant for winter blooming, with very pretty foliage and quantities of star-like, pure white blossoms. It is entirely new and distinct and the world is indebted to Luther Burbank for it, he having brought it to its present state of beauty. Plant several bulbs in a 5 or 6 inch pot. Price, 5 cents for 10c; 12 for 20c.
Seed of Choice Greenhouse or Window Plants.

We offer at special prices the following list of seed of Greenhouse or Window Plants. Per pkt.

<tr>
<td>Imperial German—Introduces to us several years ago, and now the leading favorite throughout the world. Many inferior stocks have been placed on the market under the name, but, as the introducers, we may be depended upon to furnish the true variety. Large flowers of the finest colorings; stout, robust, bushy growth, withstanding the heat and producing fine large flowers during the entire summer. Flowers of great substance and beauty. Fifty distinct shades mixed</td>
<td>30</td>
</tr>
<tr>
<td>Giant Excelsior—It is impossible to do justice to these lovely flowers in a printed description. Cold type cannot convey an idea of the good, varied and exquisite coloring, the large size, perfect form and great substance of the blossoms. Plants are compact and bushy, and produce great quantities of flowers, borne well above the foliage, on strong stems. Owing to their vigor, this strain withstands the hot and dry weather better than any other variety and produces its great, beautiful blossoms in profusion all summer. Over a hundred different shades and combinations of colors have been counted in one bed of this strain. (3 pkts. 50c.)</td>
<td>30</td>
</tr>
<tr>
<td>Jennings—A wonderful new strain of pansy which has been developed in Conn. The flowers are truly the LARGEST and ALL COLORED WE HAVE EVER SEEN. Among a lot we had last spring some of the blossoms measured 4½ inches across, and were of such beautiful and fantastic colors that we had never before seen among Pansies. All colors and shades were represented. No amount of praise will do it justice. One pkt., each of the 5 sets for 50c.</td>
<td>20</td>

For 20c., we will send 5 pkts., each one of white, blue, black, yellow and red.

Seed for Winter Blooming.

The following seed can be sown in pots of good soil at any time from November to January 1st. They will germinate quickly, grow rapidly and be in bloom in a surprisingly short time, and the pleasure which they will afford it is impossible to anticipate.

For 30c., we will send 3 different and most beautiful kinds of Flower Seeds for winter blooming, including the Diamond Flower, Diamond Flower—It is one of the loveliest little annuals rarely growing over two inches in height and forms a tuft of beautiful foliage which is completely smothered in a profusion of white and violet blossoms glistening like diamonds. It will be in bloom within a month from the time of sowing the seed at any time of year. For pot culture in winter it is just superb. Sprinkle a few seeds in a small pot or cover, or in pots where other plants are growing, and within a month you will have a most charming mat of foliage and flowers—everlastingly blooming, flowering, mixed. If sown early in the surface of the soil, it will flower two or three times; other plants are growing, and within a month you will have a most charming mat of foliage and flowers—everlastingly blooming, flowering, mixed. | 10 |
| Nicotiana Sander—Grandest flower seed novelty this year and a great winter bloomer for pots. Numerous numbers of large dark crimson blooms at all times; blooms in 60 days from seed, and as a pot plant very easily grown in any window. Do not fail to try it. | 10 |
| Nicotiana Decurrens—Its long, tubular star-pointed flowers are pure white, exceedingly fragrant and very profusely borne. It is one of the few plants that will flower well without a single ray of direct sunshine, and for shaded north windows is invaluable. | 5 |
Brilliant Anemones.

Very beautiful and brilliant spring flowering bulbs which should be found in all gardens. They possess a beautiful range of very fine colors, such as brilliant scarlet, red, blue, rose, striped, carnation, etc. For pot culture they are very fine indeed. For either garden or pots they are fine.

**Double Mixed—** All colors. 3 for 5c; 15c. per dozen.
**Single Mixed—** All colors. 3 for 5c; 15c. per dozen.

Double St. Bridge—Splendid new strain. Fine large double flowers, various colors, mixed. 3 for 10c; 12 for 30c.

Giant Ranunculus.

Their long, wiry stems fit them admirably for cutting, and for late spring bedding they have few equals. For this purpose plant them three of four inches apart and two inches deep, with the claws downward. They bear the most lovely flowers imaginable—pink, white, black, yellow, red, blue, and variegated, each about two inches in diameter, and as double and as perfectly imbricated as a Dahlia or Rose. For house culture plant five or six bulbs in a 5-inch pot, and treat as Hyacinths. 

**Mont Blanc—** Double, white, $0.75 each; 3 for $1.00. 
**Black Turban—** Double black, $1.00 each; 3 for $3.00. 
**Fire Ball—** Fine double scarlet, Belladonna—Rose, Black edge Apollo—Magnificent yellow, Rockolico—Fine spotted, Robinson—Fine; pure rose, 4c. each; 3 for 10c. The 7 for 20c.; or 50c. per dozen.

**Giant French Mixed—** New strain of large flowering habit and most magnificent colors. 2 for 5c.; 12 for 50c.

THE TWO GREAT WINTER-BLOOMING LILIES.

Select Lilium Harrisi.

Large, pure white, trumpet-shaped flowers of great beauty and fragrances; as a winter bloomer nothing can surpass it. Plant in six to eight-inch pots of good soil and treat like other winter-blooming bulbs. It is impossible to describe the charming beauty of this Lily as a pot plant. Our bulbs are extra large strong and healthy, and fully matured before lifting.

**Extra strong bulbs of enormous size, which will give magnificent results,** 5c. each; 3 for $1.00. Good flowering bulbs, $0.50 each; 3 for $1.50.

**Lilium Candidum.**

This fine Lily produces from six to thirty lovely waxy-white blossoms, which have the most delicious fragrance of all Lilies. It is one of the most charming winter flowers, and sure to bloom freely. Treat same as L. Harrisi. 

**Extra strong bulbs of enormous size,** 5c. each; 3 for 15c. Good bulbs, 15c. each; 3 for 45c.
New Callas.

Our new varieties of Calla Ethiopica are really marvels. The gigantic size of Gigantea, and the great blooming qualities of Childsiana place these two new sorts far in advance of all others.

Calla Ethiopica Gigantea.

We now have a sufficient stock of this most superb of all Callas to offer at a reasonable price. All thus far sold have brought five dollars each. In size and magnificence it is truly a wonder. Leaves two feet long and flowers a foot in length, three times larger than any other Calla. It is a strong, quick grower, but requires a large pot and a little time to bring it to full perfection. foliage very dark rich green. Flowers snow-white and open unusually flat and broad. We have had single plants showing 10 or more of these magnificent blossoms at once. It is exactly like the Common Calla except in size, richness of color in foliage and purity of blossoms. Our cut shows comparative sizes. Fine bulbs, $1.00 each.

Calla Praecox.

A new European Calla, which has created a sensation on account of its dwarf, compact habit, and profusion of large blossoms; also on account of its being so easily grown from seed. It produces many flowers at once, which are of great size and snowy whiteness. It is easily raised from seed, the plants flowering in a new months from sowing. In this respect it is, indeed, a marvel. Next to Little Gem it is the dwarest of all Callas. Seed, 20c, per pkt. Strong plants, 25c each: 3 for 50c.

Calla Childsiana.

The latest floral sensation of Holland, where this wonderful new Calla was originated and named. Exceedingly dwarf and very compact, with large blossoms which are borne in a profusion never before seen; as many as a dozen flowers are to be seen on one plant at a time, and nearly all of the time. These flowers are of good size, beautiful shape and the most snowy whiteness. They open out remarkably flat. Foliage healthy and vigorous, and more nearly heart-shaped than any Calla. It is a long way in advance of all other Callas, having such an ideal habit and fine flowers in such wonderful profusion every day in the year. Strong blooming plants, 40c each; 3 for $1.00. Smaller plants, 30c each: 2 for 50c.
The New Black Calla.

Among recent bulb introductions we doubt if there has, in several years, been anything brought out which is so eminently distinct as this. It is a bulb which has come to stay and find its way rapidly into every collection of winter flowers. We say winter flowers, as it is strictly a winter bloomer and will bloom no other time. Its flowers are enormous, fully a foot in length; color, clear coal-black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of most striking oddity and beauty. A person who possesses a bulb of this Calla has, indeed, a treasure which will be the envy of the entire neighborhood. The bulbs are large, and should be potted in the fall, and when growth commences set in a window. After blooming, the foliage will die down, and the bulbs should be kept dry for planting again in the fall. In addition to its great beauty and oddity, it has a fine fruity fragrance. It is a native of the Holy Land. 25c. each; 3 for 50c.

Burbank's Dwarf Everblooming Calla, "Fragrans."

This new Calla was originated by Luther Burbank, of California, who speaks of it thus: "The plants are of medium size, compact in growth, and bloom profusely. It has not only a most charming flower produced in a profusion never before surpassed, but also with a genuine, sweet, lasting fragrance all its own, but similar to the fragrance of Violets or Lilies." Does not grow tall and scraggily like the old variety, but is strong and compact, with a great abundance of dark green foliage. It is a true everbloomer, its flowers appearing in great abundance both summer and winter when grown in pots, or it will bloom profusely all summer long in open ground, and being potted in September will continue blooming without intermission all winter. The same plant will grow and bloom for years without once ceasing, and the quantity of bloom which a good plant will produce is astonishing. It is estimated that six plants of the old sort will not produce so many flowers in the course of a year as will one plant of this new dwarf variety. A large plant is hardly ever without one or more flowers, and its dwarf compact habit makes it a much more desirable pot plant than the old variety. Its flowers are of large size and snowy white in color. Fine plants 25c. each; 3 for 50c.

Calla Little: Gem.

A perfect miniature Calla, growing 8 to 12 inches high, and producing perpetually very large snow-white blossoms. It begins to bloom when only a few inches high in a three or four-inch pot, and a well established plant in a large pot sometimes shows a dozen at once. Fine plants, 15c. each; 3 for 30c.

Special Offer.

For only $2.00 we will send one fine bulb each of the following superb Callas:

- CALLA PRAECOX,
- " GIGANTEA,
- " CHILDISIANA,
- " BLACK,
- " BURBANK'S Fragrans,
- " LITTLE GEM.

Calla Childisiana and Gigantea are the finest sorts in cultivation.
Lilies.

The brushes cannot paint or the pen portray the exquisite purity and delicacy, yet magnificent grandeur of the stately Lily. It is the plus ultra of floral beauty, and we urge our friends to each year add a few Lilies to their collection. No other flower will so adorn our homes when in bloom, and they constantly improve after planting. We feel sure if our readers could see a good collection of from 20 to 40 different sorts in bloom they would never rest until they had a goodly number of their own. As a rule, Lilies are of the easiest cultivation, especially the following which have been carefully selected as the very hardest, handsomest, and in every respect the best. The Mayflower of October, 1903, describes some 200 varieties of Lilies, and gives full cultural directions. Price, 5 cents per copy. Each.

Auratum Common.—[The Golden Banded Lily of Japan]—Ivory-white, spotted crimson, and a broad golden band through center of each petal. 20

Auratum Macranthum.—A very robust form, with large, broad-petalled flowers of a smooth ivory-whiteness, a broad golden band through each petal, and numerous golden spots. 75

Auratum Rubro Vittatum.—A very distinct flower of enormous size, of dotted white, with a deep blood-red band through the center of each petal, and the whole flower thickly dotted with crimson spots. The contrast of colors in this Lily together with its great size and matchless form make it marvelously beautiful. 120

Auratum Virginale.—Colors only yellow and white, both spots and bands being yellow. One ft. across. Grand. 120

Brown—A grand Lily, but very rare. The large, wax-like flowers are chocolate-purple on the outside, snow-white on the inside. Stamens a rich chocolate brown. Blossoms large and trumpet-shaped. 60

Bermuda Easter Lily.—The best of all Lilies for the house; sure to bloom. Snow-white waxen trumpets of large size and superb beauty. Very fragrant. 40

Batemanni—Rich apricot. Very handsome. 20

Chaleoonicum.—Nodding recurved blooms in large clusters. Intense scarlet. Very showy. 75

Canadense—A fine bell-shaped flower, light orange-yellow, spotted. 15

Canadense Rubrum—Rich, dark red, spotted. 30

Croceum—Fine orange-red. 90

Columbanum—A slender graceful species with orange colored fragrant blossoms. 20

Cordifolium.—A dwarf form of Giganteum, 3 to 4 ft. high, flowers 3 to 10, six-inches long, funnel-shaped and handsome. 120

Dalmaticum.—[Black Lily]—A very rare and beautiful Lily, hardly and robust, bearing 30 to 50 flowers in a clump at the top of its tall, graceful flower stem. Color very dark, almost jet-black. Extra... 50

Exceesum, or Yellow Candidum.—This beautiful Lily is a near relative of Candidum, being like it in bulb, foliage and growth, the flowers being a little different in shape and of a rich apricot-yellow color. It is fragrant and one of the most exquisitely beautiful of all Lilies, and, like Candidum, an early and sure winter bloomer. 40

Elegans—Grand, large tulip-shaped blossoms of many shades and colors. The umbels of upright, cup-like flowers are very pleasing. Among the earliest of all Lilies to bloom. Mixed, many fine colors, $1.00 each. 10

E. Bicolor.—A very showy early Lily. Large flowers of a bright red flushed with orange. Striking. 10

E. Leonard Joerg.—Light yellow, spotted black; grand. 15

E. Double—Rich maroon, double. 35

Giganteum.—The grand Lily, growing seven feet high with immense heads of beautifully tinted bloom. Each. 100

Humboldt.—Magnificum.—A new and greatly improved form of the old Humboldt. The large orange blossoms have a crimson circle around each of the many black spots, and the bulb is such a strong, easy grower that it is bound to do well and flower finely. 50

Hanson—Three feet, with flowers in a loose spike. Very early to start and flower. Rich orange, dotted brown. Rose and scarlet. 10

Longiflorum—Long trumpets of the purest white. Flowers large, but plant quite low in growth. Very fragrant. As fine as Harrisfor gardens. 15

Martagon—A graceful and handsome Lily, which bears enormous amount of bloom early in the season, before any other. Colors mostly of brown or chocolate shades, fine home-grown bulbs. 15

Martagon Album—Pure white, a Lily as rare as it is exquisite. 40

Kramerii—Allied to Auratum, with large fragrant flowers of a most exquisite rosy-pink color. 100

L. Dalmaticum. Each.

E. Humboldt.

E. ELEGANS.

L. Hanson.

L. Longiflorum.

L. Martagon.
Pardalinum—**Leopard Lily**—Rich, scarlet and yellow flowers, spotted with rich brown. Stately, and one which will give the greatest possible satisfaction. Succeeds in all situations. No garden complete without it.**15**

Parnostorus—A lovely miniature Pardalinum with fragrant flowers.**35**

Pyronia—A large, pyramidical Lily with quantities of handsome drooping flowers which are deeply recurved. Clear yellow spotted with black.**35**

Poncius—Grows two or three feet high, bearing large nodding clusters of brilliant scarlet Lilies.**35**

Parryi, or Yellow Harrisii—One of the very rarest, choicest and most beautiful of all Lilies. Elegant for pot culture as well as for the garden. Flowers partly trumpet-shaped, like Harriisi, and of a golden-yellow color, very deep and glossy. Exceedingly fragrant and blooms early. For pot culture this will rival Harriisi, its rich golden color and graceful form making it a most unique companion to that popular variety. It is sure to succeed well in pots with the same treatment, and when in bloom it will be found to be the most beautiful of the two, though not quite so large.**50**

Parvum—Flowers 2 to 6-dropping, and the salmon-yellow spotted.**35**

Sovittianum—One of the very finest as well as the rarest of all Lilies. It is impossible to describe its wonderful beauty. Color, clear lemon-yellow with small black dots in throat. The petals are thick and heavy, looking as though they were moulded from pure wax. Easily grown; blooms early and abundantly.**75**

Superbus—Three to six feet high, flowers from five to forty, nodding; brilliant orange-red; in blooms in July.**15c. each; 3 for 45c.; 12 for $1.00.**

Tigrinum, f. pl.—**Double Toke Lily**—This is a plant of stately habit, growing from 4 to 5 feet high; foliage is dark green and very long, bearing an immense number of double, bright orange-red flowers, spotted with black.**10c. each; 3 for 25c.; 12 for 50c.; 100 for $5.00.**

**Tigrinum Splendens**—Improved Tiger Lily.**.50**

**Tenuefolium**—The lovely Corn Lily of Siberia. A great beauty. The brightest of all Lilies. Grows 20 inches high, with finely cut foliage, slender stems and beautiful shaded flowers of shining corn-red. One ought to grow them by the dozen they are so fine for cutting and make such fine clumps for the lawn. Blooms very early.**15c. each; 3 for 35c.; 12 for 75c.**

**Wallacei**—This Lily is very floriferous, each bulb throwing up from 4 to 5 flower stems, each one of which is crowned with 8 to 20 beautiful upright blossoms, of a delicate bright apricot color. It is very perfect in form and a most desirable sort.**65c. ea.; 3 for $1.50; 12 for $10.00.**

**Washingtonianum**—A greatly improved form with smaller bulb and larger flowers. Color, purple, petals spotted.**25c., in bloom size.**

**Washingtoni**—A robust, hardy form, with a profusion of purple tinted flowers.**50c. each.**

---

**Grand Speciosum Lilies.**

These are the hardiest, most robust and free flowering of all Lilies, while in beauty they are second to none.

**Rubrum**—Deep rose, freely spotted crimson, and mottled white; perfectly exquisite.**15c. each; 3 for 35c.; 7 for $1.00.**

**Meiomeone**—Words cannot describe the beauty of this variety. Freasted white, spotted, clouded and bearded with pinkish crimson. Petals deeply recurved and marked yellow border red.**20c. each; 3 for 50c.; 7 for $1.00.**

**Praceo**—Large, perfect and beautiful. Freasted white with a tinge of blush at the top of petals.**20c. each; 3 for 50c.; 7 for $1.00.**

**Monstrorum Album**—Broad, flat stems and immense heads of flowers, often 3 feet high. A clumping sort. Pure snow-white.**15c. each; 3 for 35c.; 7 for $1.00.**

**Henry**—New and exceedingly rare. Tall, strong grower, producing flowers in great profusion of a fine apricot-yellow color. The yellow Speciosum.**$1.00 each.**

**Opal**—We have thought that no Speciosum could exceed Meiomeone, but this new Lily is even larger, grander, and, if possible, more richly colored. It is freasted, glistening white, delicately clouded and suffused with rose blush, and spotted with rose-nectar. The deeply recurved petals are snowy-white at the tip, gradually deepening in color to the base of each petal.**5c. each; 1 each of the above 6 sorts for $5.00.**

---

**Burbank's Hybrid Lilies.**

These grand new Lilies originated by Luther Burbank, and now offered for the first time, are perfectly immense.

**Red Giant**—Strong grower, with enormous spotted blossoms in rich dark crimson predominates.**$2.50 each.**

**Parvum Hybrid**—Enormous spikes of finely colored flowers, bell shaped, rich, deep red, spotted.**2.00 each.**

**Humboldt Hybrid**—Enormous leafy stalks, and immense flowers of a rich orange-crimson color.**Very showy and conspicuous.**$2.00 each.
Choice Plants for Winter Blooming.

The following plants are extra fine for winter blooming, and are mostly new or recently introduced sorts that are not seen in general cultivation. We supply healthy, well-grown, vigorous young stock that will be sure to do finely. All grown especially for winter blooming.

Azalea Indica.

Elegant pot plants, much used for Easter decorations. Though attaining a good size, commence to bloom when very small. The flowers are large and very beautiful, always much admired, and range from white to deep crimson in color, with all intermediate shades and markings. Easily grown in a window. Our plants are finest new varieties, and are greatly superior to the older sorts. Many of them are very double, and the colors of all are greatly improved, as well as the flowering qualities. All the plants we send out are of blooming size.

Note—Fine double white, flowers large, bushy, compact.

Bernard Annes—A good double flower of a rich purplish rose.

Simon Mardeur—Large double rose or deep pink.

Dr. D. Moore—Lovely rose, with white and violet reflex.

Mad. Paul de Schroyer—Elegant, large, double red.

Raphael—Immensely double white.

Deutsche Perle—Large double white, Very early.

Ceres—Fine double white, striped crimson. Great bloomer.

Apollo—Deep brick red.

G. J. W. Anne Double, rosy pink, flaked white.

Chicago—Very large, double and perfect. Deep crimson clearly bordered white.

Grand Rouge—Rich crimson.

Alice—Elegant light rose.

Louise—Beautiful pale pink.

Illustris—Semi-double, white and crimson.

Empress of India—Fine double, brick-red, edged white. 25c, each; $1 for 50c. The 50c for $3.00.

Hardy Azalea, Amoena.

Azalea Amoena—A lovely hardy evergreen Azalea with beautiful foliage, and fine compact bushy growth. In May or June the plants are densely covered with rich violet-red blossoms, which are exceedingly showy. Can be grown in any garden or lawn. Fine plants that will bloom next season. 25c. each; $1 for 50c.

Cyclamen Persicum

Giganteum Grandiflorum.

CHILD'S IMPROVED LARGE FLOWERING—FINEST CYCLAMEN GROWN.

Few pot plants are so desirable as Cyclamen, especially for winter-blooming. Though they are universal favorites, they are not seen in general cultivation to the extent that they should be, considering their ease of culture, great beauty and long season of bloom. Bulbs commence blooming in the fall and continue in the greatest profusion till June, each flower keeping perfect a month before fading, and a good bulb will show at all times from 12 to 30 well developed blossoms. They are of the most delicately beautiful colors, ranging from dark red to white, delicate blushes and pink shades prevailing. Often the flowers will be spotted and marked, or in other ways showing two distinct colors.

The foliage is also very beautiful, being variegated with different shades of green, and helps to show off the flowers which rise above it, to a remarkable degree. In fact, a plant in bloom always looks like a tastily arranged vase of flowers and foliage. After blooming all winter bulbs should be allowed to rest over summer in a dry state like Dallas.

We offer only this strain of Cyclamen, it being the largest and finest flowered in the world. 

Giant White—Pure white, enormous size.

Giant Carmin—Very bright.

Giant Pink—Exquisite shade.

Giant Crimson-Black—Very dark and rich.

Giant White Crimson-Eye.

Bulbs, 50c. each; the 5 for $1.25.

Giant Mixed—All colors, tints and shades, some being freely spotted. 25c. each; 5 for $1.00.

CYCLAMEN SEED.

Fine seed saved from our favorite strain as offered above. Seedlings grow freely and bloom in 8 to 10 months.

Giant White

" Carmin

" White Crimson Eye

Giant Pink

" Crimson-Black

" Mixed, 10 Colors

20c, per pk.; 5 pkts, for 50c.; the 6 for 85c.
**Rose Winter Gem.**

The Greatest Pot Bloomer of all Fine Roses.

This is the greatest Rose Novelty in years, owing both to its beauty and unparalleled blooming qualities. It is a Tea Rose of remarkably strong and vigorous growth and a prodigiously bloomer all the year. It flowers all the time, particularly during winter, hence its name. The blossoms are borne on long graceful stems, are of large size and a lovely crimson-pink color. Buds perfectly exquisite and the open flower full and double. It is the strongest, hardest, most vigorous and rapid growing Tea Rose in cultivation. One plant of it will produce more good Roses in the year than 12 plants of any other Tea Rose grown. This is saying a good deal but it is true. The plant will bloom continually and nothing but killing it outright will check it. The blossoms are singularly beautiful in shape, color and size, and most deliciously scented. More fragrant than any other Tea Rose. It is so strong and vigorous that it never mildews, and is a rapid grower, blooming at once from small cuttings. The season Rose for amateurs and one that will positively bloom prodigiously in any window at all times of year. Strong, well established plants, grown especially for winter blooming, and ready at once, 25c. each; 5 for $1.00.

**Multiflora Roses from Seed.**

With seed of these new Roses plants may be had in bloom in 60 to 90 days from sowing. Plant at any time. They grow quickly and flowers appear in large clusters, and in such quantity that a plant looks like a bouquet. From a packet of seed one will get Roses of various colors—white, pink, cream, etc.—no two alike and mostly perfectly double and sweet. Pkt. 10c.

**Euphorbia Jacquniflora.**

As a winter bloomer this plant has no superior. No matter how small a plant may be, it is bound to be full of bloom all winter long. Color intense crimson-scarlet and blossoms are produced so profusely as to completely wreath every branch in brilliancy. Flowers keep perfect two months before fading. Fine plants for blooming this winter. 20c. each; 4 for $1.00.

**Filifera Palm.**

One of the best window Palms, needing no potting to succeed. Stands dust and dry air and lack of sunshine, and is very ornamental with its elegant fan-shaped leaves of a rich, dark, leathery green. Picturesquely fringed with long threadlike filaments along the segments of the leaves. The plant is a compact grower well adapted to pot culture, succeeding in any situation and with any treatment that will keep a Geranium alive. It will make grand corms next winter, and in summer it can adorn a veranda, or be placed about the garden or yard, or used for a center in a vase, basket or flower bed—always ornamental anywhere. Strong plants, 25c. each; 3 for 75c.; 7 for $1.00.
Fresh Fern Balls.

These are large, round basket-like bunches of Fern roots interwoven with moss. When suspended in a window and watered, elegant green foliage starts out from every side, top and bottom, making a highly ornamental object and one that keeps fresh and grown for many years. Grows well in sun or partial shade, and is a novel and beautiful object. These Fern Balls are made in Japan, and we import them every year. Greatest success is had with strictly fresh stock.

Little Monarch—(Air Fern)—A small Fern Ball, but very closely woven and contains a great quantity of eyes which produce a luxuriant growth of extra fine fronds which stand out well and make the most beautiful effect. This is a complete novelty, and we assure our friends it will be a great treat. We can offer it at the very low price of 90c, each; 4 for $1.00, by mail.

Japanese Standard—The standard, or ordinary Fern Ball. 30c. each, by mail.

Giant—These are very large Fern Balls, too large to mail, and are sent only by express. 75c. each.

Obconica, or Monarch Primroses.

These are the new large-flowering Obconica Sinensis Hybrids, of various colors, as large and fine as Primula Sinensis. Colors, pink, violet, blush, rose, lilac, white, etc. Very charming flowers, being borne in large trusses, and at all times of the year in great profusion. They bloom very quickly from seed, and the large, showy blossoms are borne constantly for a year, and when we realize that these flowers are as large as P. Sinensis, and almost as varied in colors, their great values at once apparent. Plants very vigorous and easily grown as a Geranium.

Seed—All colors, mixed. 15c. per pkt.

Plants, Mixed—Fine healthy stock ready to bloom. 20c. each; 3 for 50c.; 7 for $1.00.

Purity—Extra large and fine. Pure white.

Ruby—Rich, deep crimson.

Giganten—Light rose, slightly striped darker. Extra large and fine fringed flowers.

Stem—Tiny, deep pink.

Tinted Queen—Extra large fringed flower, beautifully and delicately tined blush, A superb sort.

Above superb named sorts, 25c. each; the 5 for $1.00.

Double Monarch Primroses.

We offer now for the first time, our new double flowered Monarch Primroses. These flowers are in no respect different from the double Sinensis except more profusely borne. A splendid novelty. 30c. each; 4 for $1.00.

Climbing Fern.

A highly beautiful and valuable Fern which produces a slender, graceful vine that grows up 4 or 5 feet in a window, showing a mass of lovely foliage. As an ornamental foliage vine it is one of the best. 20c. each; 3 for 50c.
Boston Ferns.

The finest decorative plants in cultivation, and in addition to the well-known standard varieties, we are able to offer several new and most unique varieties. All are as robust, vigorous and as easily grown as the original Boston Fern.

Boston Fern (Original) — Of all decorative plants for house culture, this is perhaps the most imposing and satisfactory. It is so hardy that it will stand and thrive in most any situation in a room, even if out of the sun's rays. No Fern is so good in this respect. Plants form an immense number of graceful, drooping fronds, varying in length from two to five feet, and always of a fresh, healthy, and beautiful green color. These Fronds keep in perfect condition for years. Fine plants, 30c. each; 3 for 85c.

Scott—This Fern is a decided acquisition and will undoubtedly take the place of the Boston Fern eventually. It is a dwarf compact grower and has two or three times as many fronds as the Boston Fern. It makes symmetrical handsome plants in either small or large sizes. If given space enough every plant can be made a beautiful specimen. 25c. each; 4 for $1.00.

Pigmy Boston Fern—A plant makes a dense mass of hundreds of beautiful fronds no wider than one's finger, which grow to a considerable length, and curve most gracefully. For small pots and baskets it is the finest thing yet introduced. 15c. each; 3 for 45c.

Stag Horn Boston Fern—Elegant broad fronds the edges being flattened and divided into many wide prongs resembling a stag's horn. 30c. each; 3 for 75c.

Pierson's Boston Fern—Immensely wavy fronds, of the Ostrich Plume type, but longer and more beautifully feathered. It was first introduced year before last, and created a real sensation. Without doubt it is the most magnificent Fern grown, and possesses all the hard, robust, and easy growing qualities peculiar to the common Boston Fern, and all its varieties. We have a fine stock of very fine plants. 30c. each; 4 for $1.00.

One each of Pierson, Scott, Pigmy, Stag Horn and Boston Ferns for 50c.

Pierson's Baby Boston Fern—A great novelty and a great beauty. Like Pierson Fern, only smaller in size and far more feathery and plume-like. It is perfectly exquisite. 80c. each.

Midwinter Chrysanthemum.

This new Chrysanthemum seldom blooms at the regular time in autumn, but withholds its glorious blossoms until February, March and April, when they are produced 2 or 3 at a time, so that a plant is in full perfection of bloom for many weeks. Blossoms of enormous size, perfectly double, and in color a bluish tinted white when first open, changing next day to a pure snow white. In size and shape it is one of the grandest flowers ever seen, and flowering as they do in midwinter, lasting well beyond Easter, makes them most desirable. Plants of dwarf stout habit, admirably suited to pot culture. Strong plants 25c. each; 3 for 60c.
Rare Bargains in Choice Plants.

Many favorite and beautiful plants which we grow must be abandoned in future to make room for new varieties. To close out our stock of many of these we offer them at Bargain Prices. Now is the time to get a fine lot of them for little cost.

**BEGONIA, Golden Clear**—Of dwarf compact habit, with beautiful, clean, healthy foliage which is of a golden-yellow color, making it a most odd, interesting and beautiful pot plant.

**BEGONIA, Gold Star**—Of erect growth with hand-ome emerald-green drooping foliage, and flowers in endless number hanging in graceful clusters, delicate pink in color, usually two flowers on a bud. Its leaves, of中标 color with the delicate emerald tinge of foliage and buds, give the plant a peculiar charm, and it is certainly one of the handsomest pot plants one can possess.

**BRIDAL ROSE**—A remarkable plant with leaves resembling a blackberry in shape; its flowers are produced during the winter, and are as double as a Peony and almost as large. Colors vary from white to white and when a plant one two feet high shows a score or more of these enormous flowers, which they so often do, the sight is most novel and attractive.

**CENISTA, or Shower of Gold**—As a plant for late winter and early spring blooming (especially for Easter) it is almost without an equal. Flowers are lovely: the leaves are in large drooping racemes, and in such quantity as to almost hide leaf and branch.

**JUSTICIA, Dwarf Pink**—This new sort begins to bloom when the plants are only three or four leaves and is never out of flower afterward. If pinched back occasionally, it makes a very dwarf, stocky plant, frequently covered with flowers for a year or more heads. It grows but slowly, and one of the very finest pot or bedding plants.

**Nepea Gladiola**—This new Nepeta is hardy, fragrant, and pretty, its small round leaves finely marked with gray. Its fragrant leaves, pink and white, stand up to abuse and looking cheerful under it. One of the prettiest things in the world with which to carpet gardens, as it roars wherever it touches the ground and forms an impenetrable network of vines through which weeds and grass cannot creep. It will grow in any kind of soil, anywhere from sea-coast to mountain and white.

**Rumor Grandiflora**—This plant has long, wiry stems which grow in graceful drooping masses. On these stems are borne clouds of tubular flowers of the most vivid scarlet color, something like a Maenitza bloom, but more numerous. It is a novel and beautiful plant that seems to do well in a pot or on the borders of the garden.

**Parrot's Feather**—A lovely, mossy plant, with long, trailing stems covered with plumy, feathery foliage of the freshest, loveliest green imaginable. It is fine for aquariums, where few plants do so much and which the water makes much more healthful for the fish. Grows nicely also in water tubs or ornamental pools, and is much admired when growing pots of it, small and large. It can be grown in soil as well as in water, if it is kept well watered. It is one of the most charming trailing and drooping plants, and grows so rapidly that it can be cut off at any time. Blossoms being the shape and nearly the size of Sweet Pea, full borne, in great clusters, bright in the sun. The plant is a free and rapid grower, beginning to bloom three or four weeks from cuttings, continuing for years.

**Sanseveria Zeylanica**—There is scarcely a decorative plant listed that is more striking in foliage and habit than this, and certainly none other that will stand so much direct sun and summer heat as well as neglect and hard-work. It will grow in a dark hall, in a cool bedroom, or stand on the mantel in a heated sitting room. It will stand good and bad weather, and months without a drop of water, yet remain as thrifty as ever. The leaves are thick and fleshy, dark green color, well shaded with white, and June to November is its flower period, the flowers being small, rather numerous, of a pink color, and lasting but a short time.

**VIOLET, Alaska**—A grand new sort well adapted to garden culture, being hardy and robust and producing in spring green masses of enormous double flowers of a deep blue, black color and powerful fragrance.

**Baby Primrose**—Plant is exceedingly graceful and ornamental, with slender flower stalks rising above the light green leaves, in masses of lovely-colored primroses along the trailing and creeping parts of the plant. New flower stems are constantly appearing as fast as the old ones fade, and the same plant is always in bloom. Very pretty for hanging pots or as ground cover of small apartments. Beautiful for cutting. One of the most charming pot plants grown.

**Fuchsia, Trailing Queen**—This new grows erect, but always trails down over sides of pot, and is the most beautiful of all plants for suspension. Very robust and easy to grow, the branches reaching a length of four and five feet, blooming and growing nearly the whole year. Flowers and buds long and graceful, borne in large clusters at the end of the vines. When expanded, the flowers are very large in size, tube and sepals brightest rose-scarlet, while the corolla, at opening, is a rich violet-purple changing the second day to a fine shade of crimson; the two colors in the same cluster contrasting beautifully. This beautiful, and the species will show hundreds of flowers at once.

**Fuchsia, Storm King**—The double white, Perpetual Blooming Weeping Fuchsia. It is always in bloom, often as many as 200 buds and blossoms on a plant at once. The branches drop most gracefully, and the blossoms are frequently as large as tea cups. The buds for two weeks before they expand are balls of glowing scarlet-crimson. When expanded the enormous double flowers are almost pure white, capped by a calyx of glowing scarlet.

**Hibiscus, Giantan**—A graceful single-flowered variety, with wide-opened flowers eight and ten inches across, and of the most vivid crimson-scarlet. Suggestively rich and striking as a flaming torch; sure to please all.

**Hibiscus, Peachblow**—This is one of the finest plant novelties offered in recent years. The flowers are double, and from four to five inches in diameter: of a charming, rich clear pink color, with a small, deep crimson center; an entirely new and most beautiful little plant, it blooms abundantly and continuously, even on small plants.

**Hibiscus, Carminatus**—Full round flower, of perfect shape, and of a rich, soft carmine-rose, with deep crimson eye.

**Hibiscus, Auranica**—Large, double, orange-colored flowers.

**Hibiscus, Versicolor**—Finely striped crimson, buff, rose and white.

**Hibiscus, Cooperia**—Crimson flowers and superb foliage, marbled in three colors, white, rose and green. Very ornamental.

**Hibiscus, Minnentus**—A gorgeous and as fine as the best flowers, and fully as large. Bush blooms, but not a foot high. Blossoms a burning crimson, very double.

**Hibiscus, Chrysanth**—Bloom, perpetually with large flowers, five and six inches in diameter, flat and saucershaped, a clear, bright canary yellow, with black eye or center.

**PRICE—Any 5 of above plants for 50c.; 12 for $1.00.**

Lily-of-the-Valley Plant.

A beautiful new plant of trailing or creeping habit, being best adapted for hanging-pots or baskets. It has beautiful heart-shaped leaves and branches of red in the leaf axils, which are frequently used for flower arrangements. Growing in most localities. It is in bloom all the time, the pendulous blossoms appearing at the axis of the leaves and are bell-shaped, pure white, and about the size, form and color of the Lily-of-the-Valley. As a specimen pot or basket flower to be suspended in the window it is the finest thing of the sort we have ever seen. Grows very rapidly and makes a lovely plant in a short time. 25c. each; 5 for $1.00.
Perennial Phlox.

Those who remember the thin-petaled white and the dull-blue purple Perennial Phlox of old-fashioned gardens can scarcely recognize these new Phloxes as the same flowers. These new varieties are in bloom from June until frost, and the individual florets are twice the size of the old time Phlox and the shades of color the brightest, richest and clearest. There are no finer or more useful perennials than the Perennial Phloxes, or which will give more complete satisfaction. The varieties we offer are new and fine, and the plants will send out will bloom magnificently the coming summer. They are cheap and we hope that all our customers will plant them.

Athelis—A beautiful rosy scarlet tinged with salmon. Very bright and showy.

Snow Cloud—White, suffused with purple. Extra fine.

Charlotte Saisonn—White, suffused with pink, deepening towards the center to bright vermilion.

Lanoe—Enormous flowers and truss, individual flowers being 1½ inches across. Color light crimson tinged with lilac and shaded lighter towards the center.

Diplomat—Beautiful light lilac with crimson eye, very large flower and buds.

Eclair—Deep, bright purplish crimson. Extra large.

Master Clarence Hulse—Pure white. Flowers and truss of very large size and exceedingly beautiful.

Syvester Hulse—Beautiful lilac rose.

Miss Hattie Hulse—Pure white with beautiful pink eye.

Morty Hulse—Beautiful rose-lilac, marbled with white; flowers large and of beautiful form.

Mad. Reudatter—Fine lilac, bordered and flaked white.

Rubi. Werner—Extra large, bright rose.

Bridesmaid—White, crimson center; fine.

Jeanne d'Arc—Pure snow-white.

Thebaide—Fine, large, rose crimson.

Simpson—White and crimson, variegated and striped.

Prof. Schleman—Deep pink. Compact panicle, 1½, each; 5 for 50c.; $1.00 per dozen.

PYRAMIDAL PHLOXES.

These have large, fine pyramidal clusters of bloom that are very showy indeed.

Pyramidal White—A plant of sturdy, compact growth, bearing enormous pyramidal panicles of great snow-white blossoms.

Pyramidal Crimson—Like the above, with same great blossoms, but of brightest crimson color. The two sorts contrast their. They bloom all summer long, and are equal to Hydrangeas in majestic beauty.

Pyramidal Ohiata—White, large crimson eye. Showy.

Lavender—Delicate lavender. center.

Rose—Large, bright red.

Bush—Bush tinted. large and fine, 80c. each; 5 for 50c.; $1.50 per dozen.

Peonies.

The favorite of to-day, as it was fifty years ago. Luxurious foliaged plants, with magnificent, double incurve flowers of enormous size and height and rich coloring and surpassing the intensity of the darkest in the range, that easily glow with a radiant fire of richness, while the white and pale varieties are very soft and coloring.

New Giant—Like an enormous double Rose, of a blush, almost white color; a Peony which grows 3 to 4 feet high. Will bears flowers nearly 1½ inches. It is a great success. The flower is the same shape, fragrance, and exquisite satiny-like pink color as Barons Rothschild Rose. It is beautiful in both description and very sweet.

Double White—Pure white, very scarce. 40c. each.

Orientalis N. P. L.—The grand early flowering, old fashioned double crimson Peony. 25c. each.

One each of the 8 sorts for $1.00.

Double Iris Kämpferi.

These new Iris from Japan rival the Lily in stateliness, the Peony in majestic beauty, the Orchid in marvelous delicacy and blending of colors, the Chrysanthemum in profusion, and surpasses almost every plant in size and mighty magnificence of its flowers. Think of a plant sending up to the height of three feet a dozen flower spikes, each spike bearing from two to four enormous blossoms eight or ten inches across and of the most delicate and beautiful colors, and a combination. Think of a bed of all colors, white, yellow, blue, violet, salmon, sky-blue, royal purple, blush, yellow, etc. This is Iris Kämpferi.

Double Mixed—$1.50 for 60c.; 7 for $1.00.

Single Mixed—Grand seedlings with great showy blossoms of superb richness and beauty. 5 for 50c.; 7 for $1.00. Iris Seed—We can supply fine seeds of these beautiful Iris Kämpferi, mixed, at 10c. per pkt.

Hardy Vines.

Ampelopsis Veitchi—The fashionable wall climber of the day. Clings tightly by suckers thrown out along the stem, to rock, brick, etc., and is a wall of living green the summer through, turning in autumn to a flaming crimson, when it is fairly gorged. It stands the dust and dry air of cities admirably. 15c. each; 5 for 50c.; 7 for $1.00.

Honeysuckle, Gold-Leaved—Marvelously effective. It bears innumerable sprays of the most perfect little leaves that are covered with a network of gold and green, often marked with pink also. 15c. each; 7 for 50c.

Honeysuckle, Halliana—The best white monthly Honeysuckle, with dark foliage which keeps fresh and green nearly all winter, and beautiful clusters of the sweetest-scented flowers that open a snowy white and turn a pale yellow. These are produced in profusion from early spring to late fall. 15c. each; 3 for 30c.

Wisteria, Sinensis Magnifica—Fine large clusters of lovely white flowers, produced in great masses. 7 for 50c.; 10 for $1.00.

Wisteria, Sinensis Alba—Large pure white. 25c.

Wisteria, Perpetual—A grand new sort which flowers all summer. 30c.

Clematis Paniculata—We cannot say too much in praise of this vine. A true, hardy, robust growing vine of graceful habit with attractive, glossy foliage, and covered in August and September with a sheet of clustered snow-white blooms, 20c.

Clematis Jackmani—Large purple. 50c.

Ramona—Superb large blue. 80c.

Mad. Ed. Adé—Fine red. 20c.

Gocinna—Scarlet. 25c.

Crispa—Blue. 25c.
For complete list of our New and Rare Fruits, see our last Spring Catalogue pages 139 to 148.

New Strawberries.

Morning Star—This most remarkable berry was originated by Mr. T. Thompson of Thompson Brothers, New Haven, Conn., and has ripened 20 days earlier than that extra early sort (Lady Thompson), twice as large, splendid color, good shipper, a long and continuous bearing period, and about the most perfect flavor yet grown. In short it has all the extra good qualities of late sorts, combining size, beauty, productivity, and ripening early with a ripeness scarcely a week or ten days earlier than any other. With all these advantages one can appreciate its value for both home and market. A delicious fruit, no frill or idle name—We highly recommend it. Introduced only by us last spring. It is a strong, vigorous and healthy grower.

Great Washington—The real giant among big Strawberries. The berry is not only the very largest and handsomest in existence, but it adds the best and largest to the fruit. Fruit crop and vines are extremely healthy and vigorous, a merit not possessed by any other very large sort.

Size, per dozen: $1.25 per 100; $15.00 per 1,000.

Finest Raspberries.

The following are the best known varieties.

Salmon Cluster—A canary variety offered now for the first time. It is a vigorous and hardy sort, producing enormous crops of berries of a pure salmon or orange color, and borne in immense clusters. A really ruddy and superb sort.

Columbus—A raspberry of great merit. It is the hardiest and most vigorous of all Raspberries, often growing to 10 to 15 feet in a season, and standing any degree of frost and drought. It bears very large and heavy clusters of fruit, and its productivity is most astonishing. We know of no variety that can compare with it at all. The berries are large, dark red, firm and juicy, with an agreeable, pure, rich flavor, which is brought to its highest perfection when canned or cooked. The most prolific of any berry known, the fruit being freely produced in masses.

Kansas—The King of all Black Cap berries, Medium early, bearing large and firm clusters of berries of great perfection and hardness, make it superior to any other variety.

Price of all Raspberries 15c, each; 2 for 25c; $1.60 per doz.

3 Finest Blackberries.

Ramble Beauty—For a Blackberry it is the largest, finest flavored, most prolific, fruiting for two months, and re- ceiving large crops of fruits. It grows chiefly on a high, freely into a fine tree form, straight and erect. The berries are of enormous size, borne in large clusters, which are ripe throughout the entire month of September. They are exceedingly sweet, juicy and deli- cious, melting in the mouth, without a particle of hard edge to the skin. They are of enormous size, large, round, of the highest quality and contain a heavy and perfect hardness in the coldest part of the country, make it the most valuable of all the various sorts of Blackberries one can use.

Raspberry—It bears loads of delicious, snowy berries, which are not only white, but so transparent that the seeds, which are unusually small, may be seen in the ripe ber- ries. "Clusters larger than those of Lavon; berries at least as large; earlier, sweeter and more tender and melting than those of any other Raspberries brought to market.

Price of Rambles 50c, each; 2 for 85c; 10 for $1.00.

The Gardena Raspberry.

A most wonderful berry, ripening an immense crop of fruit soon after and bearing abundantly throughout the season, ripening in July and continuing in full bearing for fully two months. Iron-clad in hardness. A superb novelty, and one we highly recommend.

Price of above 5 Finest Blackberries, 50c, each; the 10 for 95c; 3 each of the 5 sorts for $1.00. Any one at $1.00 each.

New Early Peach, Junripe.

This new Dwarf Apple is indeed a wonder. Little trees a foot high in height, and apples of enormous size either growing in pots or in the ground. A little tree 12 inches high, which we imported from France in the winter, bore to the extent of ten apples, each very immense. Fruit very large, of brilliant color, and borne freely on twigs two years old. A most unique pot plant and a fine little tree for the garden, the apples large on such very small trees attracting great attention. 30c. each; 4 for $1.50.

New Japan Plum.

Fourth of July—It is an enormous prolific Plum, of enormous size, and of great beauty, extra fine, rich, juicy and highly flavored, but its point of greatest value is its extreme earliness. It ripens at end of June at a time when many Japanese Plums could not. For this reason it is in full bearing this year. No other Plum ripens so early, and it is, therefore, of immense value. 30c. each; 4 for $1.00; 15 for $4.50.

Fine Flowering Shrubs.

Althea—They bloom from mid-summer until frost, at a time when few other shrubs are in bloom. Fine for cemetery planting or grouping upon the lawn.

Hardy Azalea, Mollis—Among the rarest and richest of all garden flowers, that flaming masses of blossoms are produced by these new Hardy Azaleas, making a show the glory of which one cannot describe.

Clematis, Davidiana—A lovely bush sort with a great profusion of blue blossoms.

Calycanthus Florida—The "Sweet Shrub" so long a favorite in gardens. The purplish flowers have an exquisite perfume fragrant enough to make the heart free with delight. For any garden, as a border or as an ornamental shrub.

Fern Leaf Beech—A beautiful tree of a low shrub growth, making a superb large foliage shrub. Its leaves are like ferny forms, so finely lacinated and graceful, that in two feet high it is a masterpiece of the most perfect foliage. Beware of spraying, as it is, easily injured by any spray for the first 3 to 4 years.

Sweet Potato—Flowers borne in clusters and are the size of Sweet Potato flowers.

Trifoliate Orange—A new hardy Orange. This is the most lovely of the Orange family, and will stand our northern climate with little or no protection.

Weigelis, Eva Rathke—A grand new Everblooming Weigelis. Producing great quantities of bloom all the season, in magnificent clusters on the terminal branches. Color bluish deep, rich, crimson, and in the soft and novel among Weigelias. A really valuable novelty.

Weigelis, Eva Rathke—A grand new Everblooming Weigelis. Producing great quantities of bloom all the season, in magnificent clusters on the terminal branches. Color bluish deep, rich, crimson, and in the soft and novel among Weigelias. A really valuable novelty.

Special Offer of Large Shrubs.

For only $2.00 we will send by express 12 very finest shrubs, large strong bushes for immediate effect. This is to close out a lot of stock that will soon be too large to ship.
THE ANDREWS ONLY DYSPEPSIA CURE

Guaranteed to Cure or Money Returned

Not a patent medicine but a secret compound of genuine remedies, endorsed by physicians. Contains nothing harmful in any respect, and

IT WILL CURE. This medicine has been used in parts of New England for 15 years and has never failed to give immediate relief in any case of Dyspepsia, and it will cure all ailments arising from indigestion, and so build up and strengthen one's system as to help it naturally in throwing off any ailment other than those arising from Dyspepsia.

FOR HEADACHE AND NERVOUSNESS caused by a weak stomach, as is generally the case, it is the best known remedy, as it corrects the stomach.

AS A SAFEGUARD against impairing one's digestive organs, and for preventing ill effects of all sorts, every person, (ill or well,) should take one of these tablets after heavy eating or drinking, particularly if the food eaten is of an indigestible nature, or if eaten at night.

It does not partly digest food like pepsin, but acts directly upon the stomach, strengthening and regulating it so that it is able to perform its natural functions, and correct all sorts of troubles that are incident to indigestion.

GUARANTEE: to cure all forms of Dyspepsia or money returned. A claim for return money should be made to the Absolute Remedy Company, Floral Park, N. Y., regardless of where the medicine was purchased.

DIRECTIONS—For any form of Dyspepsia, Sour or Acid Stomach, Heartburn, Gastritis, Canker, Nausea, Sleeplessness, Bowel Troubles or anything arising from indigestion, chew up and swallow one tablet after each meal, or at any time when needed. Tablets do not contain opiates or narcotics or anything harmful, and dose will not have to be increased after one has used it awhile.

PRICE—25 cts. postpaid.

As few druggists yet keep it, or know of it, we will supply it by mail on receipt of price.

Buy only "THE ANDREWS ONLY DYSPEPSIA CURE," put up and guaranteed by the Absolute Remedy Co.

Address all orders, etc., to the

JOHN LEWIS CHILDS' ENDORSEMENT.

Knowing the value of this wonderful remedy, and that it will do all that is claimed for it, I was prompted to take part in introducing it to the general public. Tens of thousands of people are suffering from Dyspepsia, who will rejoice to know of "The Andrews Only Dyspepsia Cure," and thousands have already been benefited, and cured by it.

JOHN LEWIS CHILDS.
IN THE KILLING OF INDIGESTION THERE IS LIFE TO HUMANITY.

A Few Unsolicited Testimonials.

(Write for large circular.)

DR. H. B. EATON, 23 Oak St., Rockland, Me., says: “I live used your Dyspepsia Cure in my practice for the past five years. I use it for Sonr Stomach, Heartburn and Water Brash, also spitting food after eating, and distress with pain and nausea. I find that it works very quickly.”

JOHN ECKROOT, Beacon, Iowa, 1 enclose fifty cents for two bottles of your tablets. It is not sold in our town, as it should be, for it is a blessing to humanity.

MR. J. E. EASTMAN, Rutland, Vt., says: My wife has had Dyspepsia for the past 18 years and has paid out hundreds of dollars for different medicines and to different doctors and she has received more benefit from the one bottle of the Andrew’s Only Dyspepsia Cure than from any medicine she has ever taken.

MR. E. C. FULLER, Edon, Texas, says: My mother, who is 63 years old, has suffered from indigestion for 12 years and one vial of the Andrew’s Only Dyspepsia Cure has done her more good than all the doctors that we have employed.

ANNA WAIT, Grand Rapids, Mich., says: I have used one box of Andrew’s Only Dyspepsia Cure and I feel already almost like a new woman. My complaint is a chronic one of long standing and have had catarrh of the stomach for six years. Have tried every known remedy but never got much relief until I began using the Andrew’s Only.

FRANK MELVILLE, 138 E. 14th St., N. Y. City, says: “Having used one box of Andrew’s Only Dyspepsia Cure, I can with pleasure say that I have been greatly relieved from a case of Dyspepsia and Stomach of several years standing. Your remedy is indeed a great one.”

G. L. GIBBS, Concord, N. H., says: “I have been troubled very much with dyspepsia and weak stomach, and was not able to eat anything hearty without distress. By using your Dyspepsia Cure I can now eat anything.”

L. S. SHIPLEY, 1169 Broadway, New York, N. Y., says: Your tablets are the only dyspepsia remedy on earth that is any good. My friends hardly know me; look and feel so different from what I have the last three years.

AGENTS WANTED.

As so many of our customers who have tried this remedy and know its great value, ask for the agency of their town or vicinity, we have decided to make special prices to those who will make an effort to sell it. This price is $2.00 per dozen, delivered, but to get this rate not less than two dozen must be ordered to start with. Or we will send the first dozen for $2.50, and the next dozen for $1.50, and subsequent orders at $2.00 per dozen. We pay all express charges and postage, and furnish agents with circulars, &c., free of charge.

We hope you will Subscribe for "The Mayflower." It will surely delight and help you.
Cardinal Freesia, or Tritonia.

See colored cut on back cover.

It is somewhat misleading to call this a Freesia, though in foliage and general habit it is just like one, but is far superior in blooming qualities. It is a new giant-flowered Tritonia. The original bulbs were sent to us from Africa several years ago. We at once saw that it was the most brilliant winter-blooming bulb in cultivation, and have carefully grown it until now we have enough to offer. Treated like a Freesia, it produces spikes of large, well-open flowers of the most intense and varied colors. It is very easily grown and sure to bloom in pots during winter, and is hardly enough to bloom in the open ground south of Mass. It created a genuine sensation at the New York Horticultural Show where we exhibited it.

Cardinal—Large wide-open blossoms of a rich cardinal red; very brilliant, and continues long in bloom. Each: 4 for 15c.; 12 for 30c.

Mixed Hybrids—All colors. Crimson, orange, yellow, white, pink, starred, etc. Among these are the most brilliant and striking combinations. 4 for 15c.; 12 for 30c.

Mountain Hyacinths.

For full description and prices of these glorious new bulbs, see inside front cover.

Childs' Giant-Flowered Fragrant Freesias.

A new class of bulbs, splendidly adapted to winter-blooming, and are, we believe, the most popular winter-blooming bulbs for amateurs. They are always sure to succeed and bloom elegantly for anyone in any situation, and the great beauty and fragrance of the flowers are everywhere admired. The blossoms or buds when cut and placed in vases of water will keep perfect two weeks. In pots they commence blooming early and continue for a long time, the stems branching freely and producing several clusters of bloom in succession. Four to six bulbs can be planted in a 5-inch pot. They commence growth immediately after planting and need not be put away to form roots like Hyacinths, unless it is more convenient to do so. Planting successively from September to November will give a succession of bloom through the winter. Their free growth, abundant bloom, delicate beauty and charming fragrance will be a surprise and delight to all. The bulbs we supply are extra large and strong.

Snowstorm—(New)—A splendid novelty. Flowers of large size, beautiful shape, and borne abundantly in magnificent large sprays. Pure snow white, and highly fragrant. Strong bulbs, 5c. each; 4 for 15c.; 12 for 30c.

Various Colored Crandiflora—

A grand new strain possessing many tints, colors and variations. Not only are the white and yellow colors seen, but pink, orange, violet, purple, canary, and some purple shades. The flowers are of gigantic size and borne in extra large clusters. The fragrance is rich and powerful. All colors mixed, 6 for 25c.; 10 for 35c.; 25 for 85c.

Mammoth French—Bulbs of enormous size. The magnitude of bloom which one of these bulbs will give is perfectly astonishing. 50c. each; 6 for 25c.

Good Mixed—10c. doz.; $1.00 per 100.
